INTRODUCTORY SECTION

January 8, 2019

To the Honorable Mayor, Members of the City Council and the Citizens of Highland:

State law requires that every general-purpose local government publish within six months of the close of each fiscal year a complete set of audited financial statements. This report is published to fulfill that requirement for the fiscal year ended June 30, 2018.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than an absolute assurance that the financial statements are free of any material misstatements.

Van Lant & Fankhanel LLP, a firm of certified public accountants, have issued an unmodified (“clean”) opinion on the City of Highland’s financial statements for the year ended June 30, 2018. The independent auditor’s report is located in the front of the financial section of this report.

Management’s Discussion and Analysis (MD&A) immediately follows the independent auditor’s report and provides a narrative introduction, overview, and analysis of the basic financial statements. Management’s Discussion and Analysis complements this letter of transmittal and should be read in conjunction with it.

Profile of the Government

The City of Highland was incorporated on November 24, 1987 and is located at the foothills of the San Bernardino Mountains in the heart of the Inland Empire. San Bernardino County along with Riverside County makes up the Inland Empire, one of the largest regions in the United States. Highland has a current population of 54,761 people and is approximately 18 square miles. The City of Highland is empowered by statute to extend its corporate limits by annexation, which it has done from time to time. In October 2000, Highland completed annexation of 3,200 acres in the City’s southeast area.

Mayor Larry McCallon	Mayor Pro Tem Jesse Chavez	City Council Penny Lilburn	City Council Anaeli Solano	City Council John P. Timmer	City Manager Joseph A. Hughes

27215 Base Line, Highland, CA 92346
Tel: (909) 864-6861 • Fax: (909) 862-3180 • Web: www.cityofhighland.org

With this annexation, Highland increased its boundaries by approximately 33%. This territory currently consists mainly of undeveloped land.

The City operates under the council-manager form of government. The City Council consists of five members. The mayor and mayor pro tem are selected annually. As the legislative body for the City, the Council is responsible for adopting ordinances and resolutions, adopting the budget, setting fees, appointing committees, hiring the City Manager, providing policy direction to staff as well as various other duties. In November 2016, Highland went to districts. All 5 district seats were up in the November 8, 2016 election. Districts 2 and 4 just had elections this past November and Districts 1, 3 and 5 will be up again in 2020. The City Manager is responsible for carrying out the policies and direction of the Council along with overseeing the daily operations of the City.

The City Council also has an additional role as Board Members for the Successor Agency to the Redevelopment Agency (SARDA), the Highland Public Financing Authority (HPFA) and the Highland Housing Authority (HA). As SARDA Board Members, they direct all the activity within the project area of the former Redevelopment Agency, as the former RDA is dissolved. The HPFA did not have any activity during the year. As Board members of the Housing Authority, they direct housing activities that used to be handled by the former RDA Board and the Low and Moderate Income Housing Fund.

The City of Highland provides a full range of services. These services include, but are not limited to: police protection, fire suppression, paramedic services, animal control and licensing, the construction and maintenance of streets and infrastructure, planning and zoning, building and safety, engineering and inspection, code enforcement and general administration. Other services that are within the City boundaries are provided by: San Bernardino County, San Bernardino Valley Water Conservation, San Bernardino Unified School District, Redlands Unified School District, The YMCA of the East Valley and East Valley Water District.

The biennial budget serves as the foundation for the City's financial planning and control. As part of each budget year, goals and objectives of the City Council are incorporated into departmental goals and objectives for staff. This process is referred to as the Work Program. The main purpose of the Work Program is to identify goals, programs and projects to be completed. The Work Program is then used when preparing the budget so these projects can be funded. Some of the major programs needed to meet citizen's needs during this past two-year Work Program period were: Purchase of replacement Fire Engine, auto extrication tools and new SCBA equipment; Complete engineering design and right-of-way for the Base Line Interchange; complete development of the 3rd Street extension project, complete project development to improve Palm Avenue in the Historic District; Victoria Avenue Interchange off-ramp; in addition to other projects that were approved through the Work Program.

The Council is required to hold public hearings on the proposed budget and to adopt a final budget by no later than June 30, the close of the City's fiscal year. The appropriated budget is prepared by fund and department. The City Manager may approve transfers of appropriations within a department. Transfers of appropriations between departments, however, require the special approval of the City Council. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. For the General Fund and major special revenue funds, this comparison is presented as part of the required supplementary information in the accompanying financial statements. For governmental funds that have appropriated annual budgets, other than the General Fund, major special revenue funds, major capital project funds and major debt service funds, this comparison is presented in the supplementary section of the accompanying financial statements.

In addition, the City maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the City's governing body. Annual budgets are adopted for the General Fund, special revenue funds, capital projects funds, debt service funds and internal service funds. A midyear budget review process (usually by the City Manager and Director of Administrative Services) is conducted to evaluate where the City stands at half year. A five-year financial plan is adopted for capital projects in addition to the annual appropriated budgets. Every year the Capital Improvement Plan (CIP) is updated and changed if needed. The level of budgetary control (the level at which expenditures cannot legally exceed the appropriated amount) is established by departments within an individual department. It is the department heads responsibility that expenditures do no exceed the amounts approved by the City Council. The City also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Although encumbered amounts do lapse at year-end, they can be re-appropriated as part of the following year's budget.

Local Economy

Over the last several years, Highland has continued to see General Fund revenue sources stabilize and even increase. Property taxes (not including the additional amounts from the former RDA) did increase as did the vehicle license fees-property tax line item. Other revenues such as charges for services, extraction tax, and franchise fees increased as well. Transient Occupancy Tax (TOT) decreased for the first time as a result of the Hampton Inn closing. However, the San Manuel Band of Mission Indians who owns the Hampton Inn agreed to pay in-lieu TOT to make up most of the difference that the City would lose. Sales & use tax increased even though the State changed how these funds were allocated. The collection of sales and use tax has gone back to the way it was originally collected, at point of sale. It will no longer be distributed partially as property taxes as was done with the Triple Flip. Intergovernmental revenue

saw a slight increase. With expenditures increasing at a higher rate than revenues over the last few years, it was the efficient and careful watch of these expenditures that made it possible for the General Fund to be balanced in 2017/2018.

In adopting the 2017/2019 biennial budget, the City had to take into consideration that contracts with the San Bernardino County Sheriff's Department and Cal-Fire, were continuing to increase. As a result, budgeted property taxes in both the General Fund and Fire Department Fund (which are combined in this financial report but budgeted separately) for 2017/2018 and 2018/2019 were budgeted at a slightly higher amount than was received in 2016/2017.

Highland has been able to maintain a balanced General Fund budget without layoffs, pay reductions, furloughs or a reduction in services. Highland is mainly a residential community and as a result, the City's highest revenue source is property taxes. The City has a light industrial and manufacturing area in town with many small retail shops and three large plazas. These plazas supply the City with jobs and sales tax revenues. This light manufacturing and industrial base adds to a stable unemployment rate in Highland.

For the future, there are a number of projects that continue to hold economic development potential for the community. Primarily, a commercial development located on Greenspot Road, east of SR-210, referred to as the "Golden Triangle." Several years ago, Lowe's, Staples, In-N-Out and Chevron opened in this area on the south side of Greenspot Road. Opening last year on the south side of Greenspot Road was Wing Stop, T-Mobile, Jersey Mike's and a Salon & Spa Day. The City continues to work with the land owner and developers for the north side of Greenspot Road. Meanwhile, the City has spent \$13M on improving Greenspot Road to help contribute to future economic growth in this area.

Also opening last year was Smart N Final Extra. They are located in the Town Center on Base Line west of SR-210. CVS Pharmacy, Baker's and Family Dollar have already opened in this area. Round Table Clubhouse has opened on Highland Avenue near SR-330 to give residents an additional restaurant in the city. Opening soon on Base Line just off SR-210 will be Jack In The Box and Panda Express.

Long-term Financial Planning

When the City incorporated in 1987, the Local Agency Formation Commission's (LAFCO) analysis stated, "The proposed City of Highland does not appear financially feasible." In addition, the Christensen & Wallace Incorporation feasibility study stated "The preceding analysis ...of the community of Highland leads to the conclusion that with the current economic base, incorporation is best at marginal."

Today, Highland is a fiscally healthy city. This was accomplished by being extremely conservative in expenditures over the last twenty-nine years. While many cities rely on sales tax as a primary revenue source, Highland has relied on the vehicle license fees and property tax as the major revenue sources. Highland's sales tax earning potential was reduced in 1987 when the City of San Bernardino annexed Highland's potential sales tax areas prior to Highland's incorporation. As part of the long-term financial planning process, Highland continues to work on developing marketing plans on Base Line, Greenspot Road and Fifth Street, the major thoroughfares through the city. With SR-210 running through the center of the City and having Base Line, Greenspot Road and Fifth Street intersecting SR-210, the development of these corridors is vital to the increase of a sales tax base in Highland.

As always, the key goals will be to maintain a sound fiscal base, ensure proper public facilities and infrastructure for current and future generations, assure proper level of public safety and health for the community, enhance the image and identity of the City and insure a high level of human resources and relations for staff, commissions and citizens.

As demonstrated by the statements and schedules included in this report, the City continues to meet its responsibility for sound financial management. Since the City incorporated, a commitment was made to a pay-as-you-go philosophy. The City's General Fund has no bonded debt and Highland's other funds can use reserves to pay for many of the capital projects rather than placing a debt on future generations. The City has also been very successful in obtaining grants at the state and federal levels for the capital projects as well, therefore enabling local tax dollars to go further.

Relevant Financial Policies

Prior to the passage in November 2004 of Proposition 1A, which protects local government revenues from State raids, the State historically took funds away from local governments without paying them back. This was accomplished through what the State calls the ERAF (Educational Revenue Augmentation Fund) shift. Through the ERAF shift, the State takes property tax dollars from local governments and "shifts" them to education to fulfill their obligation of school funding. In short, the State balances their budget by taking funds from local governments.

Before Proposition 1A passed, the City of Highland annually paid since 1992 approximately \$301,433 into the State's ERAF fund. Although Proposition 1A was approved by the voters, the cities will continue to pay these funds taken by the State.

For fiscal years 2004/2005 & 2005/2006, the State enacted ERAF III, which essentially doubled Highland's current amount paid to the ERAF fund. For these two fiscal years, the State took an additional \$302,000 each year and placed it in the ERAF fund. These amounts will not be paid back, but Proposition 1A ensured that if funds are ever taken again, they must be repaid. However, as stated earlier, the \$301,433 taken as part of the original ERAF will still be taken annually by the State and never paid back.

An additional part of ERAF III was the RDA portion. The effect on the Highland RDA for fiscal years 2004/2005 & 2005/2006 was \$242,800, for each fiscal year.

In 2008/2009, the State tried to take \$654,507 from the Highland RDA. With help from the California Redevelopment Association (CRA), the State was sued and lost. However, for 2009/2010 & 2010/2011, the State approved SERAF (Supplemental Educational Revenue Augmentation Fund), an additional one-time taking from redevelopment agencies of \$1.7B in 2009/2010 and \$.35B in 2010/2011 for a total of \$2.05B over two years. Once again, the redevelopment agencies sued the State, but this time lost. The amount taken from the Highland RDA in 2009/2010 was \$3,182,076. The amount taken in 2010/2011 was \$654,507.

For fiscal years 2011/2012 and beyond, the State passed AB 1X 26 which eliminated redevelopment agencies. However, the State then passed AB 1X 27 which included the payment of a ransom if a community wanted to keep its redevelopment agency. Basically the State would eliminate a redevelopment agency and take all of its assets (land, cash, etc.) if the City did not elect to pay this ransom. These bills included language that the ransom would have to be paid by the City and reimbursed by the agency. This was yet another attempt by the State to steal money from local governments to balance their budgets. Highland's share of this extortion was estimated to be \$2,731,486 in 2011/2012 and an annual payment thereafter of approximately \$655,000. The CRA once again sued the State and the State Supreme Court held in favor of the State for AB 1X 26, but not on AB 1X 27. This meant that over 400 redevelopment agencies throughout the State would be dissolved, and have been. Taken from Highland was the best economic tool to help jobs and businesses grow in our community. The funds taken from Highland would be used to offset the State's responsibilities to the local taxing agencies. The State's taking of local funds as a temporary bandage to solve their annual budget problems was not a long term solution and will continue to have long lasting effects on local governments.

Since the dissolution of the former RDA, Highland has rebounded. The City is still working with the Department of Finance (DOF) in getting repaid \$1.9M in outstanding loans. The repayment of these loans were approved, however, they will be repaid over several years. The two loans of \$1.3M and \$600,000 were loaned to the RDA in 1997 and 1998, in good faith. It was the full intention of the City for these loans to be repaid someday. In January of 2016, the DOF

approved the transfer of the balance of the remaining RDA bonds from the Successor Agency to the City and Housing Authority. The bonds for capital projects were transferred to the City and the housing related bonds were transferred to the Housing Authority. However, the debt for these bond issues remains with the Successor Agency. In July 2018, the Successor Agency was notified by the DOF that the Last & Final ROPS was approved. The Last & Final ROPS is a payment schedule that runs through 2038 that has all of the expenditures for the Successor Agency. Included in this schedule are administration, debt service payments and re-payment of the City loans.

Last year, the State passed SB 1, The Road Repair and Accountability Act of 2017, which will increase Gas Tax revenue. For fiscal year 2017/2018, this brought in an additional \$318,625 in Gas Tax revenues. It is estimated that this new tax will generate an additional \$929,245 in 2018/2019. These funds must be used for local street maintenance and rehabilitation needs.

Awards and Acknowledgments

The Government Finance Officers Association (GFOA) of the United States and Canada awarded the Distinguished Budget Presentation Award to the City for the fiscal years of 2017-2019. This budget award is the highest form of recognition a City can receive in governmental budgeting. This was the twenty-sixth year that the City has received this distinguished award. Also, the City received the California Society of Municipal Finance Officers (CSMFO) award for Excellence in Operational Budgeting for fiscal years 2017-2019. The City has received this award from CSMFO every year since first applying for it in 1991-1992. The City will also apply for these same awards when it comes time to prepare the 2019-2021 biennial budget.

Both awards are for two years and recipients must meet very strict criteria. The budget document has to serve as a policy document, an operation guide, a financial plan and a communications device; therefore it is a significant City achievement.

The GFOA also awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for the fiscal year ended June 30, 2017 for its comprehensive annual financial report. This award is the highest form of recognition for excellence in state and local government financial reporting. This was the twenty-eighth consecutive year that the City has received such recognition. Twelve years ago, the CSMFO ruled that if an organization applies for the GFOA (national) award, it would not be eligible for the CSMFO (state) award. Therefore, last year, the City did not apply for the CSMFO Outstanding Financial Reporting award for June 30, 2017. The City had received this award every year since first applying for it in 1990-1991. The City will only be able to apply for the GFOA Certificate of Achievement award from now on.

In order to be awarded a Certificate of Achievement, the City must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

This achievement is valid for a period of one year only. I believe the current report continues to conform to the Certificate of Achievement program requirements and I am submitting it to the GFOA.

I would like to thank Finance/Personnel Subcommittee members John Timmer and Larry McCallon for their direction in the preparation of this report. I would also like to thank the entire City Council for carrying out their continued responsibility as stewards of Highland's finances. Highland's fiscal health would not be where it is without this. In addition, I would like to thank Senior Accountant, Leticia "Tish" Nava-Cruz and Accountant, Michelle Gomez for their help in preparing this report. Their hard work and attention to detail is very much appreciated. In conclusion, I would like to thank City Manager, Joe Hughes. Joe continues to demonstrate high standards of financial management and leadership, which is critical to Highland's fiscal health.

Respectfully submitted,

Chuck Dantuono
Director of Administrative
Services/City Treasurer

FINANCIAL SECTION

Independent Auditor's Report

The Honorable City Council
City of Highland, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Highland, California, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the City of Highland's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Highland, California, as of June 30, 2018, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As described in Note 8 to the financial statements, in fiscal year 2017-18, the City adopted new accounting guidance, *GASBS No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, and other required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or to provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, the supplementary information as listed in the table of contents, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary information, as listed in the table of contents, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statement themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 31, 2018, on our consideration of the City of Highland's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Van Lant + Fankhaed, LLP

December 31, 2018

MANAGEMENT'S DISCUSSION AND ANALYSIS

The following discussion and analysis of the financial performance of the City of Highland provides an overview of the City's financial activities for the fiscal year ended June 30, 2018. Please read it in conjunction with the transmittal letter and financial statements identified in the accompanying table of contents.

Using the Accompanying Financial Statements

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities provide information about the activities of the City as a whole and present a longer-term view of the City's finances. Also included in the accompanying report are fund financial statements. For governmental activities, the fund financial statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds. The remaining statements provide financial information about activities for which the City acts solely as a trustee or agent for the benefit of those outside of the government.

OVERVIEW OF THE FINANCIAL STATEMENTS

The annual report consists of four parts – *management's discussion and analysis* (this section), the *basic financial statements, required supplementary information*, and an optional section that presents *combining statements* for nonmajor governmental funds and internal service funds. The basic financial statements include two kinds of statements that present different views of the City:

- The first two statements are *government-wide financial statements* that provide both *long term* and *short term* information about the City's overall financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the city government, reporting the City's operations in *more detail* than the government-wide statements.
 - The *governmental funds* statements tell how *general government* uses services like public safety were financed in the *short term* as well as what remains for future spending.
 - *Proprietary fund* statements offer *short* and *long term* financial information about the activities the government operates like businesses, such as the water and sewer system.
 - *Fiduciary fund* statements provide information about the fiduciary relationships – like the agency funds of the City – in which the city acts solely as *agent* or *trustee* for the benefit of others, to whom the resources in question belong.

The financial statements also include *notes* that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that provides additional financial and budgetary information.

Figure A-1 summarizes the major features of the City's financial statements, including the portion of the city government they cover and the types of information they contain.

The remainder of this overview section of management’s discussion and analysis explains the structure and contents of each of the statements.

Figure A-1
Major Features of the City’s Government-wide and Fund Financial Statements

	Government-wide <u>Statements</u>	Fund Statements		
		<u>Governmental Funds</u>	<u>Proprietary Funds</u>	<u>Fiduciary Funds</u>
Scope	Entire City government (except fiduciary funds) and the City’s component units	The activities of the City that are not proprietary or fiduciary	Activities the City operates similar to private businesses	Instances in which the City is the trustee or agent for someone else’s resources
Required financial statements	<ul style="list-style-type: none"> • Statement of net position • Statement of activities 	<ul style="list-style-type: none"> • Balance sheet • Statement of revenues, expenditures and changes in fund balances 	<ul style="list-style-type: none"> • Statement of net position • Statement of revenues, expenses and changes in net position • Statement of cash flows 	<ul style="list-style-type: none"> • Statement of fiduciary net position • Statement of changes in fiduciary net position
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus
Type of asset/ liability information	All assets and liabilities, both financial and capital, and short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets or long-term debt included	All assets and liabilities, both financial and capital, and short-term and long-term	All assets and liabilities, both short-term and long-term; the City’s fiduciary funds do not currently contain capital assets.
Type of inflow/ outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the year or soon thereafter	All revenues and expenses during the year, regardless of when cash is received or paid	All revenues and expenses during year, regardless of when cash is received or paid.

Reporting the City as a Whole

The accompanying **government-wide financial statements** include two statements that present financial data for the city as a whole. One of the most important questions asked about the City’s finances is, “Is the City as a whole better off or worse off as a result of the year’s activities?” The Statement of Net Position and the Statement of Activities report information

about the City as a whole and about its activities in a way that helps answer this question. These statements include *all* assets and liabilities using the *accrual basis of accounting*, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the City's net position and changes in them. You can think of the City's net position – the difference between assets & deferred outflows of resources and liabilities & deferred inflows of resources – as one way to measure the City's financial health, or *financial position*. Over time, *increases and decreases* in the City's net position are one indicator of whether its *financial health* is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as changes in the City's property tax base, sales tax base and the condition of the City's roads, to assess the *overall health* of the city.

The Statement of Net Position and the Statement of Activities:

- **Governmental activities** – Most of the City's basic services are reported here such as general government, community development, public safety and highways & streets. Sales taxes, property taxes, state subventions, charges for services and other revenues finance most of these activities.

Reporting the City's Most Significant Funds

The **fund financial statements** provide detailed information about the City's most significant funds – not the City as a whole. Some funds are required to be established by state law or by bond covenants. However, City Council establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting administrative responsibilities for using certain taxes, grants, or other money (like grants received). The City's two kinds of funds – *governmental* and *proprietary* – use different accounting approaches.

- **Governmental funds** – Most of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year end that are available for spending. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other *current financial* assets that can readily be converted to cash. The governmental fund statements provide a detailed *short-term view* of the City's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. We describe the relationship or differences between *governmental activities* (reported in the Statement of Net Position and the Statement of Activities) and *governmental funds* in reconciliation at the bottom of the fund financial statements.
- **Proprietary funds** – When the City charges customers for the services it provides – whether to outside customers or to other units of the City – these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities. The City does not have any enterprise funds (a component of proprietary funds). Enterprise funds are the same as the business-type activities and would be reported in the government-wide statements but would provide more detail and additional information, such as cash flows, for proprietary funds. The City does use internal service funds (the other component of proprietary funds) to report activities that provide supplies and services for the City's other programs and activities.

Reporting the City's Fiduciary Responsibilities

The City is an agent for certain assets held for, and under the control of, other organizations and individuals. All of the City's fiduciary activities are reported in a separate Statement of Fiduciary Assets. We exclude these activities from the City's other financial statements because the City cannot use these assets to finance its operations. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes. Currently, these funds consist of the three Community Facilities Districts and the Successor Agency to the City of Highland Redevelopment Agency Private Purpose Trust Fund.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

A summary of the government-wide *statement of net position* follows:

Net Position June 30, 2018		
Governmental Activities		
	<u>2018</u>	<u>2017</u>
Capital and other assets	78,024,287	70,557,782
Capital assets, net	<u>214,466,575</u>	<u>216,035,504</u>
Total Assets	292,490,862	286,593,286
Deferred Outflows of Resources	1,675,588	1,288,404
Long-term liabilities	6,133,568	5,210,744
Other liabilities	<u>2,049,007</u>	<u>2,819,957</u>
Total Liabilities	8,182,575	8,030,701
Deferred Inflows of Resources	108,922	189,540
Net Position:		
Net Investment in capital assets	214,466,575	216,035,504
Restricted	46,534,374	35,276,067
Unrestricted	<u>24,874,004</u>	<u>28,349,878</u>
Total Net Position	\$285,874,953	\$279,661,449

The largest portion of the City's net position (75.1%) reflects its investments in capital assets (i.e. land, buildings, infrastructure, etc.); less any related debt used to acquire those assets that is still outstanding. The City uses these assets to provide services to its citizens; consequently, these assets are not available for future spending.

Restricted net position (16.3%) represents resources that are subject to external restrictions on how they may be used. Examples of restricted net position would be funds for gas tax, development impact fees, assessment districts and other special revenue funds.

Unrestricted net position (8.7%) can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements. An example of unrestricted net position would be the general fund.

A summary of the government-wide *statement of activities* follows:

Changes in Net Position
June 30, 2018
Governmental Activities

	<u>2018</u>	<u>2017</u>
Program Revenues:		
Charges for services	6,450,332	6,376,680
Operating contributions & grants	3,206,718	2,204,994
Capital contributions & grants	<u>8,344,599</u>	<u>4,618,091</u>
Total Program Revenues	18,001,649	13,199,765
General Revenues:		
Property taxes	13,036,416	11,809,133
Sales & use tax	2,702,065	2,268,543
Transient occupancy tax	179,088	302,330
Franchise fees	1,502,402	1,535,420
Business license tax	558,270	537,078
Other	28,623	24,032
Investment income	315,496	317,167
Miscellaneous	<u>140,458</u>	<u>133,812</u>
Total General Revenues	18,462,818	16,927,515
 Total Revenues	 <u>36,464,467</u>	 <u>30,127,280</u>
Expenses:		
General government	2,152,913	1,988,317
Public works	9,797,412	10,392,619
Public safety	14,542,332	14,411,209
Community development	<u>3,473,178</u>	<u>2,471,487</u>
Total Expenses	29,965,835	29,263,632
 Change in net position	 6,498,632	 863,648
Restatement of net position	(285,128)	1,189,163
Change in net position	6,213,504	2,052,811
Beginning net position	279,661,449	277,608,638
Ending net position	285,874,953	279,661,449

The increase or decrease in net position can provide an indication as to whether the overall financial position of the city improved or deteriorated during the year. The net position of the City's governmental activities increased by 2.2% (\$279.7M compared to \$285.9M). The net position (financial position) of the City changed as a result of the revenue and expense fluctuations described below.

The increase in total program revenues above is mainly due to capital contributions & grants. The City received \$4.6M from the San Manuel Band of Mission Indians for the Highland Avenue/Victoria Avenue Improvement project. Operating contributions & grants increased as well. The award of grants whether operating or capital will fluctuate from year to year and depending on what year they are received, will have an impact on program revenues. General revenues increased mainly because of the increase in property taxes. The increase in sales tax is due to adding more commercial businesses during the year. TOT decreased because the

Hampton Inn went out of business. Instead, the owners, San Manuel agreed to pay Highland an in-lieu fee moving forward for the loss in TOT revenue. Other revenues such as franchise fees, business license taxes, investment income and miscellaneous revenues either increased or decreased marginally.

Expenses in Public Works decreased as a result of decreased capital activity, although grant activity on large capital projects did increase. Expenses in Highways & Streets may vary year to year depending on availability of grant funds and funds on hand such as the Measure I fund and the Capital Improvements fund. Public Safety expenses increased primarily due to the increase in expenses for the Sheriff's Department for police services and Cal-Fire for fire suppression and paramedic services. Community Development increased as a result of the CDBG grant fund (capital projects) being more heavily used this year compared to last year.

The change in net position before applying extraordinary items and restated items is a result of the situations discussed above.

For the reasons stated above, the City's net position increased by \$6.2M (\$279.7M to \$285.9M).

Governmental Activities

Revenues by Source

	<u>2017/2018</u>	<u>%</u>	<u>2016/2017</u>	<u>%</u>

Total Expenses	<u>\$29,965,835</u>	<u>100.0%</u>	<u>\$29,263,632</u>	<u>100.0%</u>

MAJOR FUNDS

As noted earlier, the City uses fund accounting to provide proper financial management of the City's resources and to demonstrate compliance with finance-related legal requirements.

Major Governmental Funds

The **General Fund** is the chief operating fund of the City. At the end of the current fiscal year, the total fund balance of the general fund was \$14,249,142. The total fund balance is broken down into two categories, Nonspendable and Spendable. Spendable is then broken down into three sub-categories; Restricted, Assigned and Unassigned. Nonspendable is just that, it cannot be spent because it is not in a spendable form, such as inventory. Restricted means there have been restrictions placed on how these funds can be used (similar to the “reserved” term we used to use). Committed means the City Council has committed these funds for a specific project or intent. And lastly, Assigned means the City Council has given permission to the City Manager to assign funds to a specific project or intent.

The reasons for significant changes in the revenues and expenses of the city’s general fund from the prior year are as follows:

- Starting in fiscal year 2016/2017, we merged the Fire Department Fund into the General Fund because there is no legal requirement to keep them separated. When Highland took over Fire Services in 1999, we were able to separate out which property taxes had been received for the General Fund and which property taxes would be received in the future for the newly acquired fire services. Because we could account for these property taxes separately, a new Fire Department fund was setup so that fire services could be tracked separately. We will continue to budget for the Fire Department in its own fund, but it will continue to be included with the General Fund in future financial statements.
- Total revenues (excluding operating transfers) increased by \$1,640,282, an 8.6% increase. Taxes increased by 9.3% or \$1,514,908. This is attributable to increasing property values (property taxes). Licenses and Permits increased by 21.3% or \$149,948 due to increased building permit activity. Charges for Services decreased by 3.5% or \$44,491 due to decreases in planning and engineering applications. Interest income increased by \$10,959 as a result of increasing interest rates and a small amount of the RDA loans being paid back. The balance of these RDA loans will continue to be paid back over several years.
- Total expenses (excluding operating transfers) increased by \$201,447. General government expenses decreased by 0.4% or \$7,054. Public safety (police department, fire department & animal control) increased by 5.0% or \$584,997, due to the annual increase of contracts for police and fire.
- Fund Balance in the general fund increased by \$766,350 because of the reasons stated above.

The **Major Grants** fund is used to account for any federal grant that is not required to be accounted for in its own fund. Accounting for these grants in one fund is more efficient and manageable.

- Expenses in this fund decreased by \$354,683 primarily because of the amount of capital projects that were constructed in the prior year. The use of grants varies from year to year. Fiscal year 2016/2017 just happened to be a heavy use year for grants-more so than fiscal year 2017/2018. However, the use of these grants is expected to increase in fiscal year 2018/2019.
- Typically, revenues should equal expenses in this fund. However, some projects can’t be reimbursed until the project is over or reimbursements are not received in a timely fashion and are not accounted for in the same period as the expense. This will lead to expenses over revenues in some years as well as a negative fund balance on some occasions. In rare circumstances, we will receive the revenue before the project is started and expenses

are incurred. The retention amount of the HBP & TE grants of the Greenspot Road Bridge have not been reimbursed yet which is leading to this fund balance deficit. They are expected to be received in 2018/2019. Also contributing to this is the HBP grants for Base Line Bridge and Orange Street Bridge. These amounts are also expected to be received in fiscal year 2018/2019.

The **Grants** fund is used to account for any non-federal grant that is not required to be accounted for in its own fund. It is also used to account for joint projects with local municipalities. Accounting for these grants and projects in one fund is more efficient and manageable.

The reasons for significant changes in the revenues and expenses of the Grants fund from the prior year are as follows:

- The overall expenses in this department decreased by \$1,208,197 primarily due to higher grant and joint project activity in 2016/2017 than in 2017/2018. The use of grants and joint projects will vary from year to year. Although expenditures are down from the prior year, there was still a considerable amount of capital project activity in this fund including, but not limited to; BTA (Bicycle Transportation Account), MSRC (Mobile Source Reduction Committee), RAC (Rubberized Asphalt Concrete), SLPP (State & Local Partnership Program). The joint projects include street improvement projects with our neighboring cities, Redlands and San Bernardino and also with the IVDA (Inland Valley Development Agency).
- The overall revenues in this fund increased by \$5,588,133 or 735.4% primarily due to the San Manuel Band of Mission Indians pre-paying to the City a \$4.6M grant to improve the intersection of Highland Avenue & Victoria Avenue in fiscal year 2017/2018.
- The fund balance of this fund increased by \$4,758,966 primarily due to the revenue of \$4.6M received from San Manuel. These grant funds are expected to be expended over the next several years. An additional \$4.6M has already been received in 2018/2019 for the same project.

The **Measure I** fund is used to account for the ½ cent sales tax increase on gasoline.

The reasons for significant changes in the revenues and expenses of the Measure I fund from the prior year are as follows:

- The overall revenues in the Measure I fund increased by \$70,399 or 7.2%. Measure I funds (the ½ cent sales tax increase on gasoline) received increased by \$34,609. Investment income increased by \$35,790.
- The overall expenses in this fund decreased by \$1,050,366 primarily due to this fund being more heavily used in 2016/2017 for capital projects than in 2017/2018. Similar to grants, this fund can be used heavily one year and not the next, depending on the project. This fund was used primarily for overlay projects including but not limited to the Base Line (Del Rosa Drive to Cole Avenue) rehabilitation project.
- The fund balance of this fund increased by \$62,882 for the reasons discussed above. This fund will continue see more activity with capital projects in 2018/2019.

The **General Capital Financing** fund was established to provide matching funds for potential competitive grants and to fund future one-time capital purchases and capital projects.

The reasons for significant changes in the revenues, expenses and fund balance of the general capital financing fund from the prior year are as follows:

- Revenues in this fund decreased from \$137,910 in 2016/2017 to \$118,073 in 2017/2018. Investment income decreased by \$13,247 as a result of cash being used to pay for capital projects and one-time capital purchases.
- Expenses in this fund decreased by \$326,795 due to this fund being heavily used to pay for capital projects in 2016/2017. Highland's success in obtaining grants is very much due to being able to match grant funds when some cities are not able to do so. Many grants are competitive and having the capability to match these grants gives Highland an edge. This fund also assisted with one-time capital projects in 2017/2018 such as installation of additional Automated License Plate Readers (ALPR). It is expected that this fund will continue to be used in this capacity over the next several years.
- The fund balance in this fund decreased overall by \$269,814. This fund was used heavily in 2017/2018 for the installation of additional ALPRs, the city's share of the Wash Plan (Plan B) expenses and capital projects including city-wide sidewalk repairs.

The **Development Impact Fee (DIF)** fund was established for new development to pay for the construction or expansion of off-site capital improvements that are necessitated by and benefit the new development.

The reasons for significant changes in the revenues, expenses and fund balance of the development impact fee fund from the prior year are as follows:

- Revenues in this fund decreased from \$2,701,220 in 2016/2017 to \$2,565,393 in 2017/2018. Investment income increased by \$59,579 as a result of increasing interest rates and not as much construction activity in the current year.
- Expenses in this fund decreased by \$839,776 due to this fund being heavily used to pay for capital projects in 2016/2017. Across all fund, construction activity has decreased in fiscal year 2017/2018. Construction activity is expected to increase in fiscal year 2018/2019.
- The fund balance in this fund increased overall by \$2,547,689. This fund was used heavily in 2016/2017, but not as much in fiscal year 2017/2018. This fund is expected to see an increase in activity in fiscal year 2018/2019.

The **Capital Improvements** fund was established on January 1, 2016 to account for the former RDA bond proceeds that were transferred to the City and Housing Authority on approval of the Department of Finance (DOF).

The reasons for significant changes in the revenues, expenses and fund balance of the capital improvement fund from the prior year are as follows:

- Revenues in this fund increased by \$109,424 in 2017/2018. Investment income increased by \$37,322 as a result of increasing interest rates.
- Expenses in this fund decreased by \$1,744,671. Over all capital project construction activity was reduced in fiscal year 2017/2018 as compared to fiscal year 2016/2017. This fund will continue to spend down the former RDA bond proceeds over the next several years and will probably see the capital project construction activity increase in fiscal year 2018/2019. With the main revenue source being only interest income, the fund balance will also be reduced over that same period.

Major Enterprise Funds

The City does not have any enterprise funds.

GENERAL FUND-BUDGET

The total expenses of the general fund did not exceed the total appropriations for 2017/2018.

Differences between the original budget and the final amended budget of the General Fund can be briefly summarized as follows:

The following are significant increases to the expense budget for the General Fund:

- \$121,975 to add an additional Deputy to the contract with the San Bernardino County Sheriff's Department.
- \$800,000 General Fund transfer to the General Capital Financing fund for future capital projects including the Pavement Management System.

Additional information on the City's budget adjustments and policies can be found in the notes to required supplementary information on page 84.

CAPITAL ASSETS

Capital Assets (net of depreciation) Governmental Activities

	<u>2018</u>	<u>2017</u>
Land	\$4,530,880	\$4,530,880
Rights of Way	86,909,500	86,889,068
Construction in progress	4,119,387	6,255,886
Buildings & improvements	26,015,893	27,000,634
Equipment, furniture & software	1,587,350	1,663,379
Vehicles	1,506,695	1,745,593
Infrastructure	<u>89,796,870</u>	<u>87,950,064</u>
Total	<u>\$214,466,575</u>	<u>\$216,035,504</u>

The major additions to capital assets during the year ended June 30, 2018 were as follows:

- Purchased a new truck for Code Enforcement.
- Installed additional fixed point ALPR (Automated License Plate Readers) throughout the City.
- Added a roof coating system to the Library/ELC.
- Purchased through a grant from the San Manuel Band of Mission Indians:
Heart Monitors & EMS Equipment
SCBA Equipment & Compressor (some of this equipment will be added in FY 2018/2019 as will the new Fire Engine purchased through this grant)
- Replaced playground equipment at Aurantia Park.

Infrastructure additions include but are not limited to:

- Project No. STR 12-003 5th Street/Greenspot Road Bikeway.
- Project No. STR 14-001 West Highland Bikeway and Infrastructure.
- Project No. STR 16-001 Base Line and Tuolumne Improvements

- Project No. SIG 14-001 Traffic Signal Coordination
- Project No. OLA 14-001, 14-002 & 14-004 CDBG Overlay Improvements.

Additional information on the City's capital assets can be found in the notes to the financial statements starting on page 62.

LONG-TERM DEBT

Additional information on the City's long-term liabilities can be found in the notes to the accompanying financial statements starting on page 62.

Contacting the City's Financial Management:

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the city's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Director of Administrative Services/City Treasurer, Chuck Dantuono, at the City of Highland, 27215 Base Line, Highland, California, 92346.

**City of Highland
Reconciliation of the Balance Sheet of Governmental Funds
to the Statement of Net Position
June 30, 2018**

Amounts reported for governmental activities in the Statement of Net Position are different because:

Fund Balances of Governmental Funds	\$ 67,746,334
-------------------------------------	---------------

When capital assets (property, plant, equipment) that are to be used in governmental activities are purchased or constructed, the cost of those assets are reported as expenditures in governmental funds. However, the Statement of Net Position includes those capital assets among the assets of the City as a whole.

Capital Assets, Not Being Depreciated	95,559,767	
Capital Assets, Being Depreciated	193,342,351	
Accumulated Depreciation	<u>(74,435,543)</u>	
		214,466,575

Long-term liabilities applicable to the City's governmental activities are not due and payable in the current period and, accordingly, are not reported as fund liabilities. All liabilities (both current and long-term) are reported in the Statement of Net Position.

Compensated Absences	(597,957)	
Net Pension Liability	(4,547,512)	
Total OPEB Liability	<u>(834,389)</u>	
		(5,979,858)

Amounts for deferred inflows and deferred outflows related to the City's Net Pension Liability are not reported in the funds.

Deferred Outflows Related to Pensions		1,656,388
Deferred Inflows Related to Pensions		(108,922)
Deferred Outflows Related to OPEB		19,200

In governmental funds, other long-term assets are not available to pay for current period expenditures and, therefore, are deferred in the funds.	3,610,356
---	-----------

Internal service funds are used by management to charge the costs of certain activities, such as vehicle maintenance, self-insurance, and information technology, to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the Statement of Net Position.	<u>4,464,880</u>

City of Highland
Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances
of Governmental Funds to the Statement of Activities
Year Ended June 30, 2018

Amounts reported for governmental activities in the Statement of Activities are different because:

Net Changes in Fund Balances - Total Governmental Funds	\$	8,109,816
---	----	-----------

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the costs of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period, and also the net effect of various transactions involving capital assets (i.e., sales and donations):

Capital Expenditures		4,580,295
Depreciation Expense		(5,416,937)
Loss on Disposal		(732,287)

Revenues reported in the Statement of Activities, which are not considered available to finance current expenditures, are not reported as revenues in the governmental funds.		263,788
---	--	---------

The expenses below included in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds (net change):

Net Pension Liability		(597,860)
Total OPEB Liability		(21,481)
Compensated Absences		(12,554)

Amounts for deferred inflows and deferred outflows related to the City's Net Pension Liability are not reported in the funds. This is the net change in deferred inflows and outflows related to the net pension liability:

Deferred Outflows Related to Pensions		367,984
Deferred Inflows Related to Pensions		80,618
Deferred Outflows Related to OPEB		19,200

Internal Service Funds are used by management to charge the costs of certain activities, such as information technology and self-insurance, to individual funds. The net revenue (expense) of the internal service funds is reported with governmental activities.		(141,950)

City of Highland
Notes to Financial Statements
Year Ended June 30, 2018

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Highland (the City) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

A) Description of Reporting Entity

The City (the primary government) has included within its reporting entity, for financial reporting purposes, all component units over which the City exercises financial accountability. Financial accountability is defined as follows: The level of accountability that exists if a primary government appoints a voting majority of an organization's governing board and is either able to impose its will on that organization or there is a potential for the organization to provide specific financial burdens to, or impose specific financial burdens on, the primary government. A primary government may also be financially accountable for government organizations with a separately elected governing board, a governing board appointed by another government, or a jointly appointed board that is fiscally dependent on the primary government. The City is also considered to be financially accountable for an organization if that organization is fiscally dependent (i.e., it is unable to adopt its budget, levy taxes, set rates or charges, or issue bonded debt without approval from the City). In certain cases, other organizations are included as component units if the nature and significance of their relationship with the City are such that their exclusion would cause the City's financial statements to be misleading or incomplete.

The following component units meet the above-mentioned criteria, and are therefore included within the financial reporting entity of the City of Highland: the City of Highland Public Financing Authority and City of Highland Housing Authority.

The City of Highland Public Financing Authority (the Authority) was created for the purpose of assisting the financing or refinancing of certain public capital facilities by the City. The Authority is governed by a five-member Board of Directors which consists of members of the City Council. During the current fiscal year, the Authority had no fiscal activity.

The City of Highland Housing Authority (the Housing Authority) was established by the City Council in 2011, and is responsible for the administration of providing affordable housing in the City. The Housing Authority is governed by a five-member Board of Directors which consists of members of the City Council. The Housing Authority's financial transactions are reported in a special revenue fund. The Housing Authority does not prepare separate financial statements.

Since the City Council serves as the governing board for these component units, and there is a financial benefit/burden relationship between the City and these component units, all of the City's component units are considered to be blended component units. Blended component units, although legally separate entities, are in substance, part of the City's operations and so data from these units are reported with the interfund data of the primary government. These component units do not issue separate component unit financial statements.

B) Basis of Accounting and Measurement Focus

The basic financial statements of the City are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to the financial statements

City of Highland
Notes to Financial Statements
Year Ended June 30, 2018

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Government-wide Financial Statements

Government-wide financial statements display information about the reporting government as a whole, except for its fiduciary activities. These statements include separate columns for the governmental and business-type activities of the primary government (including its blended component units), as well as discretely presented component units. The City of Highland has no business-type activities and no discretely presented component units.

Eliminations have been made in the Statement of Activities so that certain allocated expenses are recorded only once (by the function to which they were allocated). However, general government expenses have not been allocated as indirect expenses to the various functions of the City. The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included amount program revenues are reported instead as *general revenues*.

Government-wide financial statements are presented using the *economic resources measurement focus* and *accrual basis of accounting*. Under the economic resources measurement focus, all (both current and long-term) economic resources and obligations of the reporting government are reported in the government-wide financial statements. *Basis of accounting* refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Under the *accrual basis of accounting*, revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB Statement No. 33.

Program revenues include charges for services and payments made by parties outside the reporting government's citizenry if that money is restricted to a particular program. Program revenues are netted with program expenses in the statement of activities to present the net cost of each program.

Amounts paid to acquire capital assets are capitalized as assets in the government-wide financial statements, rather than reported as an expense. Proceeds of long-term debt are recorded as a liability in the government-wide financial statements, rather than as other financing sources. Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability, rather than as an expense.

Fund Financial Statements

The underlying accounting system of the City is organized and operated on the basis of separate funds. A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts, recording resources, related liabilities, obligations, reserves and equities segregated for the purpose of carrying out specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

City of Highland
Notes to Financial Statements
Year Ended June 30, 2018

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Fund financial statements for governmental funds are presented after the government-wide financial statements. These statements display information about the major funds individually and other governmental funds in the aggregate. Proprietary fund statements include financial information for internal service funds. Financial statements for fiduciary funds include financial information for private-purpose trust funds and agency funds. Fiduciary funds of the City represent assets held by the City in a custodial capacity for other individuals or organizations.

Governmental Funds

In the fund financial statements, governmental funds are presented using the *modified accrual basis of accounting*. Their revenues are recognized when they become measurable and available as net current assets. *Measurable* means that the amounts can be estimated, or otherwise determined. *Available* means that the amounts were collected during the reporting period or soon enough thereafter to be available to finance the expenditures accrued for the reporting period. The City uses an availability period of 60 days, except for grants which are considered available if they are collected within 90 days after year-end.

Sales taxes, property taxes, franchise taxes, gas taxes, motor vehicle in lieu, transient occupancy taxes, grants and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues in the current fiscal period to the extent normally collected within the availability period. Other revenue items are considered to be measurable and available when cash is received by the government.

Revenue recognition is subject to the *measurable* and *availability* criteria for the governmental funds in the fund financial statements. Exchange transactions are recognized as revenues in the period in which they are earned (i.e., the related goods or services are provided). *Locally imposed derived tax revenues* are recognized as revenues in the period in which the underlying exchange transaction upon which they are based takes place. *Imposed nonexchange transactions* are recognized as revenues in the period for which they were imposed. If the period of use is not specified, they are recognized as revenues when an enforceable legal claim to the revenues arises or when they are received, whichever occurs first. *Government-mandated and voluntary nonexchange transactions* are recognized as revenues when all applicable eligibility requirements have been met.

In the fund financial statements, governmental funds are presented using the *current financial resources measurement focus*. This means that only current assets, deferred outflows of resources, current liabilities, and deferred inflows of resources are generally included on their balance sheets. The reported fund balance (net current assets) is considered to be a measure of “available spendable resources.” Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of “available spendable resources” during a period. Non-current portions of long-term receivables due to governmental funds are reported on their balance sheets in spite of their spending measurement focus. Amounts expended to acquire capital assets are recorded as expenditures in the year that resources were expended, rather than as fund assets. The proceeds of long-term debt are recorded as *other financing sources* rather than as a fund liability. Amounts paid to reduce long-term indebtedness are reported as fund expenditures.

City of Highland
Notes to Financial Statements
Year Ended June 30, 2018

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Proprietary and Fiduciary Funds

In the fund financial statements, proprietary funds and private-purpose trust funds are presented using the accrual basis of accounting. Revenues are recognized when they are earned and expenses are recognized when the related goods or services are delivered. The proprietary funds and the private-purpose trust funds are presented using the *economic resources measurement focus*. This means that all assets and all liabilities (whether current or noncurrent) associated with their activity are included on their balance sheets. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in total net position.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's internal service funds are charges for services. Operating expenses for the internal service funds include the cost of insurance, salaries and benefits and administrative expenses. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The fiduciary funds consist of a private-purpose trust fund which is reported using the economic resources measurement focus and agency funds which are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

C) Fund Classifications

The accounts of the City are organized and operated on the basis of funds, each of which is considered a separate accounting entity with a self-balancing set of accounts, established for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

The City reports the following major governmental funds:

General Fund - The General Fund is the general operating fund of the City. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. Expenditures of this fund include the general operating expenditures and other costs which are not paid through other funds.

Measure I Special Revenue Fund - In June 1990, the taxpayers voted for added taxes on gasoline to provide additional monies by approving a one-half cent sales tax increase. In 2004, the taxpayers voted to reauthorize this tax until 2040. These funds are kept locally for major road and transportation expenses and are disbursed to the City by the San Bernardino County Transportation Authority (SBCTA).

Grants Special Revenue Fund - This fund is used to account for any nonfederal grant that is not required to be accounted for in its own fund. Also, included in this fund are joint projects with the County of San Bernardino, City of San Bernardino, East Valley Water District (EVWD), the Inland Valley Development Agency (IVDA), etc.

Major Grants Special Revenue Fund - This fund accounts for federal grants that are not required to be maintained in their own fund.

City of Highland
Notes to Financial Statements
Year Ended June 30, 2018

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

General Capital Financing Capital Projects Fund - This fund is used to match potential competitive grants and fund future capital projects.

Capital Improvements Capital Projects Fund - This fund is used to account for the non-housing bond proceeds of the former redevelopment agency.

Development Impact Fees Capital Projects Fund - This fund is used to account for AB 1600 fees collected that are restricted for capital improvements for police facilities, fire facilities, general facilities, parks & recreation facilities, storm drains, streets/sidewalks, traffic control, bridges/culverts, streetlights, medians/landscaping and major arterials.

The City also reports the following fund types:

Proprietary Funds:

Internal Service Funds are used to finance and account for activities involved in rendering self-insurance and building maintenance services to departments within the City. Costs of materials and services used are accumulated in these funds and charged to the user departments as such goods are delivered or services rendered.

Fiduciary Funds:

The Private-purpose Trust Fund is used to account for the activities of the Successor Agency to the Highland Redevelopment Agency.

Agency Funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations and other governmental units. Cash and deposits are maintained for debt for which the City is not obligated.

D) Cash and Investments

Cash includes amounts in demand and time deposits as well as short-term investments with a maturity date within three months of the date acquired by the government.

Investments are reported in the accompanying financial statements at fair value, except for certain certificates of deposit and investment contracts that are reported at cost because they are not transferable and they have terms that are not affected by changes in market interest rates. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Changes in fair value that occur during a fiscal year are recognized as *investment income* reported for that fiscal year. *Investment income* includes interest earnings, changes in fair value, and any gains or losses realized upon the liquidation, maturity, or sale of investments.

The City pools cash and investments of all funds, except for assets held by fiscal agents. Each fund's share in this pool is displayed in the accompanying financial statements as *cash and investments*. Investment income earned by the pooled investments is allocated to the various funds based on each fund's average cash and investment balance.

City of Highland
Notes to Financial Statements
Year Ended June 30, 2018

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

E) Advances to Successor Agency

The portion of fund balance associated with amounts that have been disbursed to the Successor Agency in the form of long-term advances have been classified as nonspendable unless the funds associated with repayment of the advances are otherwise restricted for specific purposes.

F) Inventory and Prepaid Items

Inventory held by the general fund is stated at average cost using the consumption method. Prepaid items are for payments to vendors for costs applicable to future accounting periods. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

G) Property Tax Calendar

Property taxes are assessed and collected each fiscal year according to the following property tax calendar:

Lien Date:	January 1
Levy Year:	July 1 to June 30
Due Dates:	First Installment – November 1 Second Installment – March 1
Delinquent Dates:	First Installment – December 10 Second Installment – April 10

Under California law, property taxes are assessed and collected by counties up to 1% of assessed value, plus other increases approved by voters. Property tax revenues are pooled and then allocated to cities based on complex formulas prescribed by state statutes.

H) Claims and Judgments

The City records a liability for litigation, judgments, and claims including losses incurred but not yet reported when it is probable that an asset has been impaired or a liability has been incurred prior to year-end and the probable amount of loss (net of any insurance coverage) can be reasonably estimated. This liability is recorded in the insurance internal service fund that accounts for the City's self-insurance activities.

I) Interfund Transactions

Interfund transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed. All other interfund transactions, except quasi-external transactions and reimbursements, are reported as transfers.

J) Compensated Absences

Permanent City employees earn from 80 to 152 vacation hours a year, depending upon their length of employment, and 96 sick hours a year. Employees can carry forward up to 400 hours in earned but unused vacation hours. Any regular full-time employee who voluntarily separates or retires from the City after a minimum of 10 years of service will be compensated for 40% of all unused sick leave at their current rate of pay. Floating holidays may be accumulated up to 48 hours, comp time earned up to 80 hours, and administration time may be accumulated up to 160 hours.

City of Highland
Notes to Financial Statements
Year Ended June 30, 2018

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Upon termination or retirement, permanent employees are entitled to receive compensation at their current base salary for all unused vacation leave. Also, eligible for compensation are floating holidays, comp time, and administrative leave.

K) Capital Assets

Capital assets are recorded at cost where historical records are available and at an estimated historical cost where no historical records exist. Contributed capital assets received prior to the implementation of GASB 72 are valued at their estimated fair market value at the date of the contribution. Contributed capital assets received subsequent to the implementation of GASB 72 are recorded at acquisition value as of the date received. Generally, capital asset purchases in excess of \$5,000 (including infrastructure) are capitalized if they have an expected useful life of three years or more.

Capital assets include public domain (infrastructure) assets consisting of certain improvements including roads, streets, curbs, gutters, sidewalks, street lights, signs and signals, parks equipment, and storm drains. Depreciation has been provided using the straight-line method over the estimated useful lives of the assets in the government-wide financial statements. Depreciation is charged as an expense against operations and accumulated depreciation is reported in the respective statement of net position.

The following schedule summarizes capital asset useful lives:

Buildings and Improvements	20 - 50 years
Equipment, Furniture and Software	3 - 20 years
Vehicles	3 - 15 years
Infrastructure - road system and storm drains	25 - 75 years

L) Use of Estimates

The preparation of financial statements requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities, at the date of the financial statements, as well as the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

M) Net Position Flow Assumption

In the government-wide financial statements, net position is classified in the following categories:

Net investment in capital assets describes the portion of net position which is represented by the current net book value of the City's capital assets, less the outstanding balance of any debt issued to finance these assets.

Restricted describes the portion of net position which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulation, laws, or other restrictions which the City cannot unilaterally alter.

Unrestricted describes the portion of net position which is not restricted to use.

City of Highland
Notes to Financial Statements
Year Ended June 30, 2018

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Sometimes the City will fund outlays for a particular purpose from both restricted (e.g. restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the statement of net position, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted net position to have been depleted before unrestricted net position.

N) Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position and the governmental funds balance sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents consumption of net position that applies to future period(s) and so will not be recognized as an outflow of resources (expense) until then. The City currently reports deferred outflows related to the net pension and net OPEB liabilities in accordance with GASB Statement No. 68.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has certain items, which arise only under the modified accrual basis of accounting, which qualifies for reporting in this category. Accordingly, the item, *unavailable revenue*, is reported in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes, special assessments, grant receivables, and other miscellaneous receivables. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. In addition, the City reports deferred inflows as a result of the City's implementation of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, which qualify for reporting in this category.

O) Implementation of Governmental Accounting Standards Board (GASB) Pronouncements

The Governmental Accounting Standards Board has issued the following Statements, which may affect the City's financial reporting requirements in the future:

GASB 83 - Certain Asset Retirement Obligations: This Statement addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018.

GASB 84 - Fiduciary Activities: This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. The requirements of this Statement are effective for reporting periods beginning after December 15, 2018.

City of Highland
Notes to Financial Statements
Year Ended June 30, 2018

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

GASB 87 – Leases: This Statement requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019.

GASB 88 – Certain Disclosures Related to Debt: The primary objective of this Statement is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018.

GASB 89 – Accounting for Interest Cost Incurred before the End of a Construction Period: This Statement establishes accounting requirements for interest cost incurred before the end of a construction period. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019.

GASB 90 – Majority Equity Interests: The primary objectives of this Statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. The requirements of this Statement are effective for reporting periods beginning after December 15, 2018.

In addition, the City implemented *GASB 75 - Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, as of June 30, 2018 (see Notes 8 and 14). This statement was issued to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions.

P) Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City of Highland's California Public Employees' Retirement System (CalPERS) plan (Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Q) Other Postemployment Benefits (OPEB)

Generally accepted accounting principles require that the reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used: June 30, 2017 Valuation Date, June 30, 2017 Measurement Date, July 1, 2016 through June 30, 2017 Measurement Period.

R) Long-term Obligations

Long-term debt is recognized as a liability of a governmental fund when due, or when resources have been accumulated in the debt service fund for payment early in the following year. Long-term liabilities expected to be financed from proprietary fund operations are accounted for in those funds.

**City of Highland
Notes to Financial Statements
Year Ended June 30, 2018**

2) CASH AND INVESTMENTS

Cash and investments are classified in the accompanying financial statements as follows:

Statement of Net Position:	
Cash and Investments	\$ 68,530,668
Statement of Fiduciary Net Position:	
Cash and Investments	3,133,276
Cash and Investments with Fiscal Agents	2,826,181
Total Cash and Investments	\$ 74,490,125

Cash and Investments consist of the following:

Cash on Hand	\$ 1,150
Deposits with Financial Institutions	7,755,998
Investments	66,732,977
Total Cash and Investments	\$ 74,490,125

Investments Authorized by the City's Investment Policy

The table below identifies the investment types that are authorized for the City by the California Government Code (or the City's investment policy, where more restrictive). The table also identifies certain provisions of the California Government Code (or the City's investment policy, if more restrictive) that address interest rate risk, credit risk, and concentration of credit risk.

This table does not address investments of debt proceeds held by bond trustee that are governed by the provisions of debt agreements of the City, rather than the general provisions of the California Government Code or the City's investment policy.

Investment Types Authorized by State Law	Maximum Maturity*	Maximum Percentage of Portfolio*	Maximum Investment in One Issuer*
California Local Agency Bonds	5 years	None	None
United States Treasury Obligations	5 years	None	None
Securities of the State of California	5 years	None	None

2) CASH AND INVESTMENTS - Continued

Investments Authorized by Debt Agreements

Investments of debt proceeds held by bond trustee are governed by provisions of the debt agreements, rather than the general provision of the California Government Code or the City's investment policy. The table below identifies the investment types that are authorized for these investments. The table also identifies certain provisions of these debt agreements that address interest rate risk, credit risk, and concentration of credit risk.

Authorized Investment Type	Maximum Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
United States Treasury Obligations	None	None	None
United States Agency Securities	None	None	None
Municipal Obligations	None	None	None
Commercial Paper	270 days	None	None
Certificates of Deposit	360 days	None	None
Money Market Mutual Funds	N/A	None	None
Investment Contracts	Life of Bonds	None	None

Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates that will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rate. One of the ways that the City manages its exposure to interest rate risk is by purchasing a combination of shorter-term and longer-term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations. Information about the sensitivity of the fair values of the City's investments to market interest rate fluctuations is provided by the following table that shows the distribution of the City's investment by maturity:

Investment Type	Total June 30, 2018	Remaining Maturity		
		12 Months or Less	1 to 2 Years	2 to 5 Years
CAMP	\$ 13,548,635	\$ 13,548,635	\$ -	\$ -
LAIF	50,358,161	50,358,161	-	-
Held by Bond Fiscal Agent:				
Money Market Mutual Funds:				
Successor Agency	1,168,072	1,168,072	-	-
CFD	1,658,109	1,658,109	-	-
Total Pooled Investments	<u>\$ 66,732,977</u>	<u>\$ 66,732,977</u>	<u>\$ -</u>	<u>\$ -</u>

Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by (where applicable) the California Government Code, the City's investment policy, or debt agreements, and the actual rating as of year-end for each investment type.

**City of Highland
Notes to Financial Statements
Year Ended June 30, 2018**

2) CASH AND INVESTMENTS - Continued

Investment Type	Total June 30, 2018	Minimum Legal Rating	AAA	Not Rated
CAMP	\$ 13,548,635	N/A	\$ 13,548,635	\$ -
LAIF	50,358,161	N/A	-	50,358,161
Held by Bond Fiscal Agent:				
Money Market Mutual Funds:				
Successor Agency	1,168,072	A	-	1,168,072
CFD	1,658,109	A	-	1,658,109
Total Pooled Investments	<u>\$ 66,732,977</u>		<u>\$ 13,548,635</u>	<u>\$ 53,184,342</u>

Concentration of Credit Risk

The investment policy of the City contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. There are no investments (other than LAIF and CAMP external investment pools) that represent 5% or more of total City investments.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party.

The California Government Code and the City's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits, other than the following provision for deposits:

The California Government Code requires that a financial institution secure deposits made by state or local government units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits. At June 30, 2018, the City's and the Successor Agency's deposits (bank balances) were either insured by the Federal Depository Insurance Corporation or collateralized under California Law.

Fair Value

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The City's investments in LAIF, CAMP, and money market mutual funds are not subject to the fair value hierarchy.

**City of Highland
Notes to Financial Statements
Year Ended June 30, 2018**

2) CASH AND INVESTMENTS - Continued

Investment in State Investment Pool

The City is a voluntary participant in the LAIF which is regulated by the California Government Code under the oversight of the Treasurer of the State of California. The fair value of the City's investment in this pool is reported in the accompanying financial statements at amounts based upon the City's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis.

California Asset Management Program

The City invests in this investment trust, which is similar to a money market mutual fund. The fund invests primarily in certificates of deposit, commercial paper, and U.S. Government and Agency obligations. The City is a voluntary participant in the investment pool.

The CAMP Cash Reserve Portfolio (the Pool) is exempt from registration with the Securities and Exchange Commission (SEC) under the Investment Company Act of 1940, but operates in a manner consistent with SEC Rule 2a-7, "Money Market Funds," of that Act. Accordingly, the Pool meets the definition of a "2a7-like pool" set forth in GASB Statement No. 31, "Accounting and Financial Reporting for Certain Investments and External Investment Pools." While the Pool itself is exempt from SEC registration, the Pool's investment advisor and administrator, PFM Asset Management, LLC, is registered with the SEC as an investment advisor under the Investment Advisors Act of 1940. PFM Asset Management, LLC has also filed a notice with the California Department of Corporations, as well as various other states, as an investment advisor under state securities laws.

In addition, the Pool also meets the definition of "Municipal Fund Security" outlined by Municipal Securities Rulemaking Board (MSRB) Rule 0-12, therefore contracts with prospective investors relating to shares of the Pool are conducted through PFM Asset Management's wholly-owned subsidiary, PFMAM, Inc., a broker-dealer which is registered with the SEC and MSRB, and is a member of the National Association of Securities Dealers (NASD). The Pool also files an income tax return annually with the Internal Revenue Service, though the net income of the Pool is generally exempt from federal income tax.

3) INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Interfund receivables and payables at June 30, 2018 are as follows:

<u>Due From (Receivable)</u>	<u>Due to (Payable)</u>	<u>Amount</u>
General Fund	Major Grants Special Revenue Fund	\$ 751,398
	Other Governmental Funds	193,930
		<u>\$ 945,328</u>

Interfund balances are composed of short-term borrowings to cover deficit cash. Borrowings are expected to be repaid in the 2018-19 fiscal year.

**City of Highland
Notes to Financial Statements
Year Ended June 30, 2018**

3) INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS - Continued

Advances to Successor Agency consist of the following:

Advances From	Amount
General Fund	\$ 982,789
General Capital Financing Capital Projects Fund	393,872
Housing Authority Special Revenue Fund	344,166
Total	\$ 1,720,827

The advances from the General Fund and General Capital Financing Capital Projects Fund were made to the Successor Agency to finance activities in the project areas. The advances from the Housing Authority Special Revenue Fund to the Successor Agency represents 20% of the total advances made by the General Fund and General Capital Financing Capital Projects Fund.

AB 1484 specifies the actions to be taken and the method of repayment for advances by the Successor Agency to the various funds of the City. Upon application and approval by the Successor Agency and approval by the oversight board, loan agreements (advances) entered into by the former redevelopment agency and the City of Highland shall be deemed to be enforceable obligations provided that the oversight board makes a finding that the advances were for legitimate redevelopment purposes. In accordance to SB 107 the accumulated interest on the remaining amount of advances will be recalculated from origination at 3%.

The advances are to be repaid with a defined schedule over a reasonable term of years at an interest rate not to exceed the interest rate earned by the funds deposited into the Local Agency Investment Fund. The annual advance repayments are subject to certain limitations, are subject to a formula distribution, and have a lower priority for repayment as described in AB 1484 (Health and Safety Code Section 34191.4(2)(A)).

Interfund transfers for the 2017-18 fiscal year consist of the following:

Transfer Out of Fund	Transfer In to Fund	Amount
General Fund	General Capital Financing Capital Projects Fund	\$ 800,000
	Other Governmental Funds	1,214,729
General Capital Financing Capital Projects Fund	Other Governmental Funds	176,291
		\$ 2,191,020

The transfer from the General Fund to the Capital Projects Fund included \$800,000 for Future Projects. The General Fund (Fire Department) transferred \$1,173,707 to the Paramedic Department Special Revenue Fund to fund a shortage of medic tax revenue. The General Fund also transferred \$41,022 to other nonmajor funds to cover current year operating deficits. The transfer of \$176,291 from the General Capital Financing Fund to the Street Light District Special Revenue Fund was to cover current year operating deficits.

City of Highland
Notes to Financial Statements
Year Ended June 30, 2018

4) CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2018 is as follows:

	Beginning Balance	Additions	Deletions	Transfers	Ending Balance
Capital Assets, Not Being Depreciated:

Total	\$ 5,210,744	\$ 2,194,321	\$ 1,271,497	\$ 6,133,568	\$ 132,503

**City of Highland
Notes to Financial Statements
Year Ended June 30, 2018**

5) LONG-TERM LIABILITIES - Continued

Claims Payable

The City retains the risk of loss for general liability and workers' compensation claims as described in Note 9. These amounts represent estimates of amounts to be paid for reported general liability and workers' compensation claims including incurred-but-not-reported claims based upon past experience, modified for current trends and information. While the ultimate amount of losses incurred through June 30, 2018 is dependent on future developments, based upon information from the City's attorneys, the City's claims administrators and others involved with the administration of the programs, City management believes the accrual is adequate to cover such losses. The estimated liability at June 30, 2018 for general liability claims amounted to \$153,710 and none for workers' compensation claims.

Compensated Absences

The City's policies relating to compensated absences are described in Note 1 J. As of June 30, 2018, this liability, to be paid in future years, primarily from the general fund is \$597,957.

The General Fund has typically been used in prior years to liquidate other long-term liabilities.

6) FIDUCIARY FUND LONG-TERM DEBT

The following is a summary of long-term debt for the Successor Agency Private-purpose Trust Fund:

	Beginning Balance	Additions	Deletions	Ending Balance	Due Within One Year
Tax Allocation Bonds:					
2004B Refunding	\$ 1,825,000	\$ -	\$ 185,000	\$ 1,640,000	\$ 200,000
2007	35,825,000	-	35,825,000	-	-
2015A	11,840,000	-	330,000	11,510,000	340,000
Unamortized Premium	1,028,334	-	58,112	970,222	-
2017 Refunding	-	33,515,000	-	33,515,000	1,180,000
Unamortized Discount	-	(486,230)	-	(486,230)	-
Total	\$ 50,518,334	\$ 33,028,770	\$ 36,398,112	\$ 47,148,992	\$ 1,720,000

2004B Tax Allocation Refunding Bonds

In December 2004, the City of Highland Redevelopment Agency issued \$3,690,000 Tax Allocation Refunding Bonds Series 2004B. Proceeds from the bonds were used to refund the Agency's Highland Redevelopment Project Area No. 1, 1994 Tax Allocation Refunding Bonds.

The bonds consist of \$2,250,000 of serial bonds and \$1,440,000 of term bonds. The serial bonds accrue interest at rates between 1.35% and 5.30% and the principal amounts mature between December 1, 2004 and December 1, 2018 in amounts ranging from \$115,000 to \$200,000. Term bonds of \$1,440,000 accrue interest at 5.65% and mature on December 1, 2024. The term bonds maturing in the years 2019 and 2024 are subject to mandatory sinking account redemption on each December 1, commencing on December 1, 2019 and December 1, 2029, respectively, at a redemption price equal to the principal amount thereof together with accrued interest, without premium. At June 30, 2018, the outstanding balance of the bonds was \$1,640,000.

**City of Highland
Notes to Financial Statements
Year Ended June 30, 2018**

6) FIDUCIARY FUND LONG-TERM DEBT – Continued

Future debt service requirements for the 2004B Bonds are as follows:

Fiscal Year Ending June 30,	Principal	Interest	Total
2019	\$ 200,000	\$ 86,660	\$ 286,660
2020	205,000	75,569	280,569
2021	220,000	63,563	283,563
2022	230,000	50,850	280,850
2023	250,000	37,290	287,290
2024	260,000	22,883	282,883
2025	275,000	7,769	282,769
Totals	<u>\$ 1,640,000</u>	<u>\$ 344,583</u>	<u>\$ 1,984,583</u>

2015A Tax Allocation Bonds

In February 2015, the Successor Agency to the Highland Redevelopment Agency issued \$12,340,000 Tax Allocation Refunding Bonds Series 2015A for the purpose of refunding the outstanding balance of the Tax Allocation Bonds Series 2004A.

The bonds consist of \$8,405,000 of serial bonds and \$3,935,000 of term bonds. The serial bonds accrue interest at rates between 2.00% and 5.00% and the principal amounts mature between December 1, 2015 and December 1, 2030 in amounts ranging from \$180,000 to \$890,000. Term bonds of \$3,935,000 accrue interest at 3.5% and mature on December 1, 2034. At June 30, 2018, the outstanding balance of the bonds was \$11,510,000, with future debt service requirements as follows:

Fiscal Year Ending June 30,	Principal	Interest	Total
2019	\$ 340,000	\$ 491,925	\$ 831,925
2020	360,000	476,125	836,125
2021	375,000	457,750	832,750

6) FIDUCIARY FUND LONG-TERM DEBT - Continued

2017 Tax Allocation Refunding Bonds

In September 2017, the Successor Agency to the Highland Redevelopment Agency issued \$33,515,000 Tax Allocation Refunding Bonds Series 2017 for the purpose of refunding the outstanding balance of the Tax Allocation Bonds Series 2007. As a result, the 2007 bonds are considered defeased and the liability has been removed from these financial statements.

The 2017 bonds consist of \$11,540,000 of serial bonds and \$21,975,000 of term bonds. The serial bonds accrue interest at rates between 1.50% and 3.125% and the principal amounts mature between February 1, 2019 and February 1, 2027 in amounts ranging from \$1,180,000 to \$1,420,000. Term bonds of \$7,850,000 and \$14,125,000, accrue interest at 3.375%, maturing on February 1, 2032 and 3.625%, maturing on February 1, 2038, respectively.

The Successor Agency refunded the 2007 Tax Allocation Bonds to reduce its total debt service payments for the next 20 years by \$7,896,549 and to obtain an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$2,851,136.

At June 30, 2018, the outstanding balance of the bonds was \$33,515,000. Future debt service requirements for the 2017 Bonds are as follows:

Fiscal Year Ending June 30,	Principal	Interest	Total
2019	\$ 995,000	\$ 1,614,806	\$ 2,609,806
2020	1,035,000	1,571,410	2,606,410
2021	1,080,000	1,525,398	2,605,398
2022	1,130,000	1,475,500	2,605,500
2023	1,180,000	1,422,813	2,602,813

7) PENSION PLAN

General Information about the Defined Benefit Pension Plan

Plan Description – All qualified permanent and probationary employees are eligible to participate in the Public Agency Cost-Sharing Multiple-Employer Defined Benefit Pension Plan (Plan) administered by the California Public Employees’ Retirement System (CalPERS.) The Plan consists of individual rate plans (benefit tiers) within a miscellaneous risk pool. Plan assets may be used to pay benefits for any employer rate plan of the miscellaneous pool. Accordingly, rate plans within the miscellaneous pool are not separate plans under GASB Statement No. 68. Individual employers may sponsor more than one rate plan in the miscellaneous pool. The City sponsors two rate plans. Benefit provisions under the Plan are established by State statute and City resolution. CalPERS issues publicly available reports that include a full description of the pension plan regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

Benefits Provided – The Plan is a cost-sharing multiple-employer defined benefit pension plan administered by the California Public Employees’ Retirement System (CalPERS). A full description of the pension plan benefit provisions, assumptions for funding purposes but not accounting purposes, and membership information is listed in the June 30, 2016 Annual Actuarial Valuation Report. Details of the benefits provided can be obtained in Appendix B of the June 30, 2016 actuarial valuation report. This report is a publicly available valuation report that can be obtained at CalPERS’ website under Forms and Publications.

The Plan’s provisions and benefits in effect at June 30, 2018, are summarized as follows:

	Miscellaneous Prior to January 1, 2013	Miscellaneous PEPRA On or after January 1, 2013
Hire date	January 1, 2013	January 1, 2013
Benefit formula	2.0% @ 55	2% @ 62
Benefit vesting schedule	5 years service	5 years service
Benefit payments	monthly for life	monthly for life
Retirement age	55	62
Monthly benefits, as a % of eligible compensation	1-year average	Last 36 Mos. of Service
Required employee contribution rates	7%	6.50%
Required employer contribution rates	9.599% + \$277,861	6.908% + \$419

CalPERS collects employer contributions for the Plan as a percentage of payroll for the normal cost portion as noted in the rates above and as a dollar amount for contributions toward the unfunded liability and side fund. The dollar amounts are billed on a monthly basis. The City’s required contribution for the unfunded liability was \$278,280 in fiscal year 2018.

Contributions – Section 20814(c) of the California Public Employees’ Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for the Plan are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The City is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

**City of Highland
Notes to Financial Statements
Year Ended June 30, 2018**

7) PENSION PLAN - Continued

Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

As of June 30, 2018, the City reported a net pension liability for its proportionate shares of the net pension liability of the Plan of \$4,547,512.

The City's net pension liability for the Plan is measured as the proportionate share of the net pension liability. The net pension liability of the Plan is measured as of June 30, 2016, and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2016 rolled forward to June 30, 2017 using standard update procedures. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. The City's proportionate share of the net pension liability as of June 30, 2016, and 2017 was as follows:

Proportion - June 30, 2016	0.04564%
Proportion - June 30, 2017	0.04585%
Change - Increase (Decrease)	0.00021%

For the year ended June 30, 2018, the City recognized pension expense of \$1,041,993. At June 30, 2018, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows	Deferred Inflows
Pension contributions subsequent to measurement date	\$ 515,418	\$ -
Differences between actual and expected experience	-	81,095
Changes in assumptions	697,448	-
Differences between employer's contributions and proportionate share of contributions	-	27,827
Change in employer's proportions	272,768	-
Net differences between projected and actual earnings on plan investments	170,754	-
Total	\$ 1,656,388	\$ 108,922

The deferred outflows of resources related to contributions subsequent to the measurement date of \$515,418 will be recognized as a reduction of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Year Ending June 30,	
2019	\$ 368,493
2020	474,718
2021	290,216
2022	(101,380)
2023	-
Thereafter	-

**City of Highland
Notes to Financial Statements
Year Ended June 30, 2018**

7) PENSION PLAN - Continued

Actuarial Assumptions – The total pension liabilities in the June 30, 2016 actuarial valuations were determined using the following actuarial assumptions:

Valuation date	June 30, 2016
Measurement date	June 30, 2017
Actuarial cost method	entry-age normal
Actuarial assumptions:	
Discount rate	7.15%
Inflation	2.75%
Payroll growth	3.00%
Projected salary increase	(1)
Investment rate of return	7.15%
Mortality	(2)

(1) Depending on age, service and type of employment

(2) Derived using CalPERS' Membership Data for all Funds.

All other actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the period from 1997 to 2011, including updates to salary increase, mortality and retirement rates. The Experience Study report can be obtained at the CalPERS website under Forms and Publications.

Discount Rate – The discount rate used to measure the total pension liability was 7.15%. To determine whether the municipal bond rate should be used in the calculation of a discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on testing of the plans, the tests revealed the assets would not run out. Therefore, the current 7.15 percent discount rate is appropriate and the use of the municipal bond rate calculation is not necessary. The long term expected discount rate of 7.15 percent will be applied to all plans in the Public Employees Retirement Fund (PERF). The stress test results are presented in a detailed report called "GASB Crossover Testing Report" that can be obtained from the CalPERS' website under the GASB 68 section.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. The target allocation shown was adopted by the CalPERS Board effective on July 1, 2016.

**City of Highland
Notes to Financial Statements
Year Ended June 30, 2018**

7) PENSION PLAN - Continued

Asset Class	New Strategic Allocation	Real Return Years 1 - 10 (1)	Real Return Years 11+ (2)
Global Equity	47%	4.90%	5.38%
Global Fixed Income	19%	0.80%	2.27%
Inflation Sensitive	6%	0.60%	1.39%
Private Equity	12%	6.60%	6.63%
Real Estate	11%	2.80%	5.21%
Infrastructure and Forestland	3%	3.90%	5.36%
Liquidity	2%	-0.40%	-0.90%

(1) An expected inflation of 2.5% used for this period.

(2) An expected inflation of 3.0% used for this period.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the City's proportionate share of the net pension liability for the Plan, calculated using the discount rate for the Plan, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

1% Decrease	6.15%
Net Pension Liability	\$ 7,036,271
Current Discount Rate	7.15%
Net Pension Liability	\$ 4,547,512
1% Increase	8.15%
Net Pension Liability	\$ 2,486,277

Pension Plan Fiduciary Net Position – Detailed information about each pension plan's fiduciary net position is available in the separately issued CalPERS financial reports.

Payable to the Pension Plan

At June 30, 2018, the City reported no payables to the pension plan, for outstanding contributions required for the year ended June 30, 2018.

8) OTHER POSTEMPLOYMENT BENEFITS

General Information About the OPEB Plan

Plan Description – The City has established the Highland Retiree Healthcare Plan (the Plan), and participates in single-employer defined benefit retiree healthcare plan. A separate financial report is not prepared for the Plan. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

**City of Highland
Notes to Financial Statements
Year Ended June 30, 2018**

8) OTHER POST EMPLOYMENT BENEFITS – Continued

Benefits Provided – Under the Plan, the City pays \$200 per month for eligible retirees' health coverage, regardless of classification. Employees are eligible for retiree health benefits if they retire from the City on or after age 50 with at least 5 years of service, and are eligible for a PERS pension. The City also pays the PEMCHA administrative fee (0.33% of premium for 2017/18, and 0.23% of premium for 2018/19). The City does not provide dental and vision benefits.

Employees Covered by Benefit Terms – As of the June 30, 2017 actuarial valuation, the following current and former employees were covered by the benefit terms under the Plan:

Retirees or spouses of retirees currently receiving benefits	8
Active employees	11
Total	19

Contributions – The City contributes to the Plan on a pay-as-you-go basis.

Total OPEB Liability – The City's total OPEB liability was measured as of June 30, 2017 and was determined by an actuarial valuation dated June 30, 2017 using the alternative measurement method, based on the following actuarial methods and assumptions:

Valuation Date	June 30, 2017
Actuarial Cost Method	Alternative Measurement Method
Mortality	Pre-retirement: RP-2014 Employee Mortality Table. Post-retirement: RP-2014 Health Annuitant Mortality Table
Age Adjustment Factor	4.00%
Health Care Trend Rate	0.00% for 2017; 5.00% thereafter
Inflation Rate	3.00%
Salary Changes	3.00%
Discount Rate	3.13% - Municipal Bond 20-year High Grade Rate Index

Discount Rate – The discount rate used to measure the total OPEB liability was 3.13 percent and is based on a yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher.

Changes in the Total OPEB Liability

	Total OPEB Liability (TOL)
Balance at June 30, 2017	\$ 812,908
Changes in the year:	
Service cost	24,963
Interest on the total OPEB liability	25,002
Benefit payments, including implicit subsidy	(28,484)
Net changes	21,481
Balance at June 30, 2018	\$ 834,389

**City of Highland
Notes to Financial Statements
Year Ended June 30, 2018**

8) OTHER POST EMPLOYMENT BENEFITS – Continued

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate - The following presents the total OPEB liability of the City if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current discount rate:

	1% Decrease (2.13%)	Discount Rate (3.13%)	1% Increase (4.13%)
Total OPEB liability	\$ 929,497	\$ 834,389	\$ 754,070

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates - The following presents the total OPEB liability of the District, as well as what the City's total OPEB would be if it were calculated using a healthcare cost trend rate that is 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rate:

	1% Decrease (-1.0% decreasing to 4.0%)	Current Rates (0.0% decreasing to 5.0%)	1% Increase (1.0% decreasing to 6.0%)
Total OPEB liability	\$ 805,967	\$ 834,389	\$ 867,097

OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB

For the year ended June 30, 2018, the City recognized OPEB expense of \$49,965. At June 30, 2018, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
OPEB Contributions Subsequent to the Measurement Date	\$ 19,200	\$ -
Changes of Assumptions	-	-
Net Differences Between Projected and Actual Earnings on Plan Investments	-	-
Total	\$ 19,200	\$ -

The \$19,200 reported as deferred outflows of resources related to contributions subsequent to the June 30, 2017 measurement date will be recognized as a reduction of the total OPEB liability during the fiscal year ended June 30, 2019.

9) RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the City obtains insurance coverage.

The City is a member of the Public Agency Risk Sharing Authority of California (PARSAC), a joint powers authority, which provides joint protection programs for public entities covering automobile, general liability, errors and omission losses, workers' compensation, and property claims. Under the program, the City has a \$100,000 retention limit similar to a deductible with PARSAC being responsible for losses above that amount up to \$1 million.

**City of Highland
Notes to Financial Statements
Year Ended June 30, 2018**

9) RISK MANAGEMENT - Continued

PARSAC has additional coverage of \$34 million in excess of its \$1 million retention limit through affiliated risk management authorities. PARSAC also provides \$1 billion aggregate per occurrence property coverage to its members with such coverage provided by purchased insurance.

Liabilities of the City are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). The result of the process to estimate the claims liability is not an exact amount as it depends on many complex factors, such as inflation, changes in legal doctrines, and damage awards. Accordingly, claims are reevaluated periodically to consider the effects of economic and social factors. The estimate of the claims liability also includes amounts for incremental claim adjustment expenses related to specific claims and other claim adjustment expenses regardless of whether allocated to specific claims. Estimated recoveries, for example from salvage or subrogation, are another component of the claims liability estimate.

PARSAC covers workers' compensation claims up to its self-insurance limit of \$500,000. The Local Agency Workers Compensation Excess Pool provides excess coverage to statutory limits. The City pays an annual premium to PARSAC and may share in any surplus revenues or may be required to pay additional assessments based upon PARSAC's operating results. Financial statements of PARSAC may be obtained from its administrative office located at 1525 Response Road, Suite One, Sacramento, California, 95815; www.parsac.org or by calling (916) 927-7727.

Additional claims and lawsuits have been filed against the City in the normal course of business. It is reasonably possible that the City may be liable for claims not to exceed \$100,000. In the opinion of management, the resolution of these matters will not have a material adverse effect on the financial condition of the government.

The workers' compensation and general liability claims administrators have estimated liabilities for probable future payments including an estimate for claims incurred but not reported. Claims outstanding as of June 30, 2018, and changes during the past fiscal year was as follows:

Workers' Compensation Claims	\$ -
General Liability Claims	153,710
Total	\$ 153,710

Fiscal Year	Claims Payable Beginning of Year	Additions	Deletions	Claims Payable End of Year
2017-18	\$ 147,909	\$ 5,801	\$ -	\$ 153,710
2016-17	147,195	2,000	1,286	147,909

10) DEBT ISSUED WITHOUT GOVERNMENT COMMITMENT

2001 Special Tax Bonds (Mello-Roos):

On September 1, 2001, the City of Highland Community Facilities District No. 2001-1 issued a Special Tax Bonds, Series 2001 in the amount of \$6,655,000. The bonds were issued to finance various public improvements located within the District and to prepay special taxes levied by CFD 90-1. Interest rates range from 4.0% to 6.3%, with annual principal and interest payments ranging from \$459,125 to \$475,645.

City of Highland
Notes to Financial Statements
Year Ended June 30, 2018

10) DEBT ISSUED WITHOUT GOVERNMENT COMMITMENT - Continued

The special term bonds mature on September 1, 2028 and are subject to mandatory redemption without premium on September 1, 2002. Principal and interest payments on the tax bonds are payable solely from special tax assessments to be levied and collected from property owners within the District. It is management's determination that the City of Highland is in no way liable for repayment, but only acting as agent for the property owners in collecting the assessments, forward the collections to bondholders, and initiating foreclosure proceedings, if appropriate. At June 30, 2018, the amount outstanding was \$3,890,000.

11) COMMITMENTS AND CONTINGENCIES

The City is a defendant in various litigations in the normal course of City operations, which in the opinion of management will not significantly adversely affect the City's financial position. The City participates in various federal and state programs. These programs are subject to examination by the grantors, and the amount of expenditures which may be disallowed by the granting agencies, if any, cannot be determined at this time.

12) FUND BALANCE

Fund balances in governmental funds are reported in classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The City considers restricted fund balance to have been spent first when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. Similarly, when an expenditure is incurred for purposes for which amounts in any of the unrestricted classifications of fund balance could be used, the City considers committed amounts to be reduced first, followed by assigned amounts and then unassigned amounts. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

Nonspendable Fund Balance - This classification includes amounts that cannot be spent because they are either (a) not in spendable form (such as inventory) or (b) legally or contractually required to be maintained intact (such as endowments).

Restricted Fund Balance - This classification includes amounts that can be spent only for specific purposes stipulated by constitution, external resource providers or through enabling legislation. If the Council action limiting the use of funds is included in the same action (legislation) that created (enables) the funding source, then it is restricted.

Committed Fund Balance - This classification includes amounts that can be used only for the specific purposes determined by a formal action of the government's highest level of decision-making authority. The City Council is the highest level of decision-making authority for the City that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken to remove or revise the limitation.

Assigned Fund Balance - This classification includes amounts that are intended to be used by the City for specific purposes but do not meet the criteria to be classified as committed. The City Council has by resolution authorized the City Manager to assign fund balance. The City Council may also assign fund balance. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional

**City of Highland
Notes to Financial Statements
Year Ended June 30, 2018**

12) FUND BALANCE - Continued

action is essential to either remove or revise a commitment.

Unassigned Fund Balance - This classification includes the residual balance for the City's general fund and includes all spendable amounts not contained in other classifications. In other funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed or assigned.

The City's fund balances at June 30, 2018, are presented below:

	Special Revenue				Capital Projects Funds			Total Non-major Governmental Funds	Total Governmental Funds
	General	Measure I	Grants	Major Grants	General Capital Financing	Capital Improvements	Development Impact Fees		
Nonspendable:

Public Improvements	-	-	-	-	988,000	-	-	-	988,000
Unassigned	3,178,858	-	-	(760,764)	-	-	-	(183,146)	2,234,948
Total Fund Balance (Deficit)	\$ 14,249,142	\$ 6,579,476	\$ 9,144,734	\$ (760,764)	\$ 7,884,827	\$ 11,054,780	\$ 8,093,668	\$ 11,500,471	\$ 67,746,334

13) FUND DEFICITS

Deficits in nonmajor funds at June 30, 2018 included the following: Article 3 Special Revenue Fund - \$119,798; CDBG Special Revenue Fund – \$63,348. These deficits are due to the application of the availability period in governmental funds for grants due from other governments. The related revenues are expected to be received and recognized in the subsequent fiscal year.

14) RESTATEMENT OF NET POSITION

The City implemented Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, in fiscal year 2017-18. As a result, the beginning net position in the Statement of Activities was reduced by \$285,128.

Budgetary Information

The City adopts an annual budget prepared on the modified accrual basis for its governmental funds (e.g., General Fund, Special Revenue Funds, and Capital Projects Funds), and on an accrual basis for its Internal Services Funds, which is consistent with generally accepted accounting principles (GAAP). The City Manager is required to prepare and submit to the City Council the annual budget of the City and administer it after adoption.

A two-year budget was adopted by City Council on June 13, 2017 for fiscal years 2017-18 and 2018-19. City Manager approval is required for budget revisions within a department and City Council approval is required for budget revisions that affect the total appropriations of a department. Every fund, except for the General Fund and Capital Improvement Capital Projects Fund, is considered a department. For each department, total expenditures may not legally exceed total appropriations. All annual appropriations lapse at fiscal year-end. Budgeted expenditure amounts represent original appropriations adjusted by \$2,241,620 for supplemental appropriations during the year ended June 30, 2018.

There were no budgeted appropriations for the non-major FEMA Special Revenue Fund, which is used to account for all expenditures that are associated with unanticipated events that will most likely be reimbursed by FEMA and/or CAL EMA. Accordingly, no budgetary comparison for this fund is presented in the financial statements.

NON-MAJOR GOVERNMENTAL FUNDS

City of Highland Non-major Governmental Funds

Special Revenue Funds

The following Special Revenue Funds have been classified as other governmental funds in the accompanying financial statements:

Traffic Safety - This fund accounts for the financial transactions as prescribed by the State of California statute on California Vehicle Code Fines. Revenues are collected by the County and remitted to the City for expenditures related to Traffic Safety such as crossing guards and traffic safety improvements.

Gas Tax - This fund accounts for the construction and maintenance of the roads and related road operations in the City. Financing is provided by the City's share of state gasoline taxes from the State of California Transportation Department. This fund also accounts for Prop 1B funds.

Article 3 - These are State funds provided through SBCTA as grants, and are to be used for bikeways & pedestrian ways.

Community Development Block Grant (CDBG) - Received from the County of San Bernardino. The grants are used to develop a viable urban community by providing decent housing and a suitable living environment. The City accomplishes this by providing properly maintained roads and taking care of target areas such as Ward Street and Cunningham Street through code enforcement services and neighborhood revitalization.

Developer Fees - These are fees collected from developers to finish tracts with street lights, trees, street widening, signals, etc., to be done at a later time when areas are totally developed.

Landscape Maintenance District - Different areas of the City have been placed into the Landscape Maintenance District to maintain the landscaping surrounding a particular tract of homes. These funds are used to maintain that level of service that was previously provided by the developer.

Street Light District - This is a citywide assessment for service. These funds are collected to maintain street lights throughout the City. The City adds street lights as the need arises.

Community Trails District - This is funded by assessments to particular property owners who have access to the trails for usage by bicycles, horses, and citizens.

Parks Maintenance District - Certain areas of the City that have access to the Canyon Oaks Park, Cunningham Park, Oak Creek Park & Seeley Park have been placed into the Parks Maintenance District. This assessment is for the maintenance of the parks.

FEMA - The FEMA fund is used to account for all expenditures in one fund that are associated with unanticipated events that will most likely be reimbursed by FEMA and/or Cal EMA.

Air Quality Management District (AQMD) - This fund is used to account for the City's share of vehicle registration fees that the State of California has allocated to address air quality concerns in Southern California. These monies are to be used in air quality maintenance programs locally and/or regionally.

Citizens Option for Public Safety Program (COPS) - This fund is used for front line police services including anti-gang and community crime prevention programs.

City of Highland Non-major Governmental Funds

Special Revenue Funds - Continued

Street and Storm Drain Maintenance District - This is funded by special assessments for street and storm drain maintenance within a tract.

Justice Assistance Grant (JAG) - This grant is funded by the U. S. Department of Justice for local law enforcement purposes. This grant mainly aids in equipment purchases and special project over-time.

Paramedic Department - This fund accounts for the monies received through the medic tax. The medic tax partially funds the paramedic program. The City contracts with the State (Cal-Fire) for this service.

Housing Authority - This fund accounts for the housing funds and certain housing assets of the dissolved RDA after the date of dissolution.

Capital Projects Funds

The following Capital Projects Funds have been classified as other governmental funds in the accompanying financial statements:

Community Facilities District - The Greenspot Corridor (CFD 90-1) in the east end of the City has been placed into a CFD (Mello-Roos) to provide needed infrastructure, housing, and commercial retail growth to that area. Also to be provided are police and fire services. Tract 14326 (CFD 2001-1) is a residential Community Facilities District, as is Tract 17682 (CFD 2007-1).

City of Highland Internal Service Funds

The Internal Service Funds are used to allocate the cost of providing goods and services by one department to other departments on a cost reimbursement basis. The City has two internal service funds; the Insurance Fund & the General Services Fund.

Insurance - This fund accounts for all expenditures relating to insurance premiums for both workers compensation and general liability of the City.

General Services - This fund accounts for all expenditures relating to City Hall including; utilities, janitorial services, computer network, copier leases, equipment and building maintenance repairs.

City of Highland Agency Funds

Agency Funds are used to account for assets held by the City as an agent for individuals, private organizations, other governments and/or other funds. Agency Funds operate as a clearing mechanism. Cash resources are collected, held for a brief period and then distributed to the proper recipients. The City has a fiduciary responsibility for the assets, which it does not own outright.

Special Deposits – This fund accounts for temporary deposits received from individuals and other organizations, to be distributed by the City to the appropriate recipients.

Community Facilities Districts - These are specific amounts required by the bond indenture to be held in trust for the bondholders. There are two Community Facilities Districts in the City of Highland; CFD 90-1 & CFD 2001-1. The bonds for the CFD 90-1 were paid off in September 2015, so only the CFD 2001-1 has reserves held in this account.

STATISTICAL SECTION

STATISTICAL SECTION

This section of the City of Highland's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

CONTENTS	PAGE
Financial Trends	129
These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	
Revenue Capacity	133
These schedules contain information to help the reader assess the City's most significant local revenue source, the property tax.	
Debt Capacity	137
These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	
Demographic and Economic Information	142
These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.	
Operating Information	144
These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.	

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial report of the relevant fiscal year.

NOTE:

In 1978 the voters of the State of California passed Proposition 13 which limited property taxes to a total maximum rate of 1% based upon the assessed value of the property being taxed. Each year the assessed value of property may be increased by an "inflation factor" (limited to a maximum increase of 2%). With few exceptions, property is only re-assessed at the time that it is sold to a new owner. At that point, the new assessed value is reassessed at the purchase price of the property sold. The assessed valuation data shown above represents the only data currently available with respect to the actual market value of taxable property and is subject to the limitations described above.

Total Direct Rate	<u>\$ 0.23904</u>	<u>\$0.23903</u>	<u>\$0.23904</u>

In 1978, California voters passed Proposition 13 which sets the property tax rate at a 1.00% fixed amount. This 1.00% is shared by all taxing agencies for which the subject property taxes reside in. In addition to the 1.00% fixed amount, property owners are charged taxes as a percentage of assessed property values for the payment of other bonds of overlapping governments.

The RDA was dissolved on February 1, 2012.

The Total Direct rate is the weighted average of all individual direct rates applied to by the government preparing the statistical section.

Information for additional years is unavailable.

The Government Code of the State of California provides for a legal debt limit of 15% of gross assessed valuation. However, this provision was enacted when assessed valuation was based upon 25% of market value. If 1981-82 fiscal year, each parcel is now assessed at 100% of market value (as of the most recent change in ownership for that parcel). The computations shown above reflect a conversion of assessed valuation data for ε from the current full valuation perspective to the 25% level that was in effect at the time that the legal debt margin was enacted by the State of California for local governments located within the state.

THE CITY OF HIGHLAND MISSION AND VALUES

Highland is dedicated to the betterment of the individual, the family, the neighborhood and the community. The City Council and the staff of the City of Highland are dedicated to providing the quality of public facilities and services that its citizens are willing to fund and will do so as efficiently as possible.

This Mission is established to reflect the following beliefs which represent the predominant beliefs of the community. They express what matters most in the conduct of public affairs affecting the citizenry of Highland.

RESPONSIBILITY

Everyone in the community has rights and is responsible for their own actions.

SERVICE

Volunteer service is a valued community resource.

ACCOUNTABILITY

Public resources and finances are to be stewarded carefully and conservatively-we live within our means and will not place huge debts on future generations.

CREATIVITY

Creative solutions are the norm, not the exception.

NEIGHBORHOOD STABILITY

Neighborhood stability and a sense of ownership are to be encouraged and strengthened.

VISION

The community has a vision of the future and how it will get there.

FAMILY

Families are the basic unit of society and the essence of what makes our community. All values should be encouraged at this family level.
