

# City of Highland Weekly Report

March 4, 2021

## ADMINISTRATION

Dear Highland Residents, Business Owners, and Community Stakeholders:

City Hall is open. In an effort to help prevent the spread of COVID-19, social distancing and face coverings will be required when entering City Hall. This may include having people wait outside to be called in if the lobby gets too crowded. Temperature screenings will be required of anyone entering beyond the lobby area. We also encourage everyone to take care of business through email, U.S. mail or via phone, if possible.

We are working with the County of San Bernardino and the State to allow the County to move more quickly into later phases of reopening our businesses. I will continue to work with the County to drive the point home to the Governor that a one-size-fits-all approach in a state as large as California is not a reasonable method to re-open our economy and to allow businesses in San Bernardino County to re-open quickly.

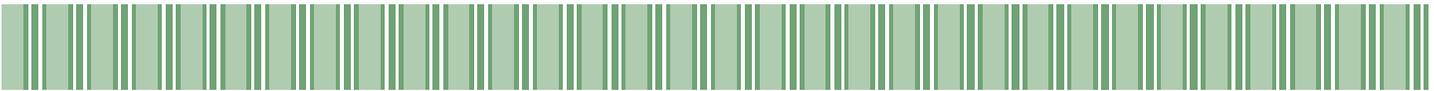

Over the last few months, we have received a lot of information from many sources regarding the Coronavirus (COVID-19). The information and directives change daily and the effects are impacting the lives of everyone.

As your Mayor, I am asking that we all focus on and follow the information provided through the San Bernardino County Department of Health's website at [www.sbcounty.gov/dph/coronavirus/](http://www.sbcounty.gov/dph/coronavirus/) and the State website at [www.covid19.ca.gov](http://www.covid19.ca.gov). The directions given there are intended to keep us all safe and well as a community.

The Highland City Council and Staff want you to know the health and safety of our residents, businesses, and community stakeholders is important and of primary concern to all of us during this Coronavirus state and local emergency period.

Please continue to visit our website at [www.cityofhighland.org](http://www.cityofhighland.org) and follow us on Facebook for information. These are unprecedented times. Together, we will get through this. Be kind to one another and be safe.

Penny Lilburn  
Mayor

Estimados residentes de Highland, propietarios de negocios y partes interesadas de la comunidad:

El Ayuntamiento ya está abierto. En un esfuerzo por ayudar a prevenir la propagación de COVID-19, se requerirá mantener distancia social y cubrir bocas al entrar en el Ayuntamiento. Esto puede incluir que las personas esperen afuera para ser llamados si el pasillo se llena demasiado. Se requerirán exámenes de temperatura para cualquier persona que entre más allá del área del pasillo. También animamos a todos a ocuparse de los negocios a través de correo electrónico, correo postal de EE. UU. o por teléfono, si es posible.

Estamos trabajando con el Condado de San Bernardino y el Estado para permitir que el Condado se mueva más rápidamente en fases posteriores de reapertura de nuestros negocios. Continuaré trabajando con el Condado para llevar el punto a casa al Gobernador que un enfoque único en un estado tan grande como California no es un método razonable para reabrir nuestra economía y permitir que las empresas en el Condado de San Bernardino reabran rápidamente.

En los últimos meses, hemos recibido mucha información de muchas fuentes con respecto al Coronavirus (COVID-19). La información y las directivas cambian a diario y los efectos están afectando la vida de todos.

Como su Alcalde, pido que todos nos concentremos y sigamos la información proporcionada a través del sitio web del Departamento de Salud del Condado de San Bernardino en [www.sbcounty.gov/dph/coronavirus/](http://www.sbcounty.gov/dph/coronavirus/) y el sitio web del estado en [www.covid19.ca.gov](http://www.covid19.ca.gov). Las instrucciones dadas allí están destinadas a mantenernos a todos seguros y saludables como una comunidad.

El Ayuntamiento y el Personal de Highland quieren que usted sepa que la salud y la seguridad de nuestros residentes, empresas y partes interesadas de la comunidad es importante y de principal preocupación para todos nosotros durante este estado de Coronavirus y el período de emergencia local.

Por favor, continúe visitando nuestro sitio web en [www.cityofhighland.org](http://www.cityofhighland.org) y síganos en Facebook para obtener información.

Estos son tiempos sin precedentes. Juntos, superaremos esto. Sé amable el uno con el otro y sé seguro.

Penny Lilburn  
Alcalde

## IMPORTANT PUBLIC INFORMATION

The Governor released a new one-stop website (<https://covid19.ca.gov/>) for COVID-19 resources. This is a substantial source of information including unemployment and paid sick leave, along with small business assistance (information specifically to be added about this tomorrow on the website).

These following specific items — Apply for Unemployment, Apply for Disability Benefits or Apply for Paid Family Leave - may be of interest to you on the following website [https://www.edd.ca.gov/about\\_edd/coronavirus-2019/faqs.htm](https://www.edd.ca.gov/about_edd/coronavirus-2019/faqs.htm).

Loan guidance for small business: <https://www.sba.gov/page/coronavirus-covid-19-small-business-guidance-loan-resources>

As a reminder, the CDC's official Coronavirus website is the best source for up-to-date information and guidance. [www.coronavirus.gov](http://www.coronavirus.gov)

The County of San Bernardino has established a COVID-19 Public Information Line. The line is in operation from 9:00am to 8:00pm, Monday to Friday. The phone number is 909-387-3911. Please note that this line is for Public Information Only. Please contact your Health Care Provider for medical related questions.

For further information and updates please visit: <https://sbccovid19.com/>

The San Bernardino County Department of Public Health (DPH) continues to work with the Centers for Disease Control and Prevention (CDC) and the California Department of Public Health (CDPH) to respond to reports of Novel Coronavirus 2019 (COVID-19) as the situation is quickly evolving.

Residents of San Bernardino are encouraged to stay home as much as possible while only participating in essential activities, such as critical work functions and shopping for necessities. We know these measures are challenging, but social distancing will help to protect all of our communities. We encourage older adults and those with chronic medical conditions to take additional precautions to avoid getting sick with the disease.

Please visit <http://wp.sbcounty.gov/dph/coronavirus/> for additional updates and information.

## ***Re-Pete would like to invite you to a FREE 1-hour webinar on composting!***

Composting is a great way to turn food scraps into nutrient-rich soil. This webinar will help break down the steps for easy composting in your backyard or patio.

### **Topics that will be covered:**

- What is composting, and why do it?
- Essential ingredients needed to get started
- Which items are compostable, and which should be avoided
- Assembling and maintaining your compost pile

There will be a Q&A portion at the end of the webinar so you can get your questions answered by Solana Center's composting expert, Kelsea. We will also provide composting bin discounts for San Bernardino County residents.

### **Details:**

The webinar will be hosted via Zoom. Sign up through Eventbrite to receive the link for Saturday, March 13, 2021 at 10am. Our host will be Kelsea Jacobsen from Solana Center. San Bernardino County residents will be given first priority for attendance. All other attendees will be placed on a waitlist and will be notified 2 days prior to the event.

### **Prizes:**

Webinar attendees will be entered to win 1 of 3 prizes:

- 2 small pails of vermiculture
- 1 composting bin (valued at \$199), generously donated by the San Bernardino County Department of Public Works

### ***Terms and Conditions for Prizes:***

Giveaway items are open to San Bernardino County residents only!

## RE-PETE'S WISDOM OF THE WEEK FOR HIGHLAND RESIDENTS...

### *For Disposal of Large or Bulky Items*

**B**urrtec now provides *four* residential curbside large or bulky item collections (maximum of 5 items per collection) during a 12-month period at no extra charge. Please call at least 24 hours in advance to schedule your bulky item pick up. Large or bulky items include: scrap metal, wood, old appliances, furniture, televisions, computer monitors, refrigerator or freezer, tree branches, mattresses, etc.

### Scavenging Hurts Businesses!

Whether it's called dumpster diving or scavenging, it is the unauthorized removal of recyclable materials placed in a designated container at a designated location for the purposes of collection and processing by an authorized agent. The only authorized agent in the City of Highland is Burrtec Waste. The regular removal of recyclable materials from a bin will increase the cost of collection services!

Materials placed in a recycling bin have a value, and that value is used to offset collection and processing costs which directly lower rates. When scavengers break the law by removing those materials, they are also removing items valuable to the recycling program, which ultimately affects rates. Do not approach or confront a scavenger! Get a description of the person and the vehicle with license plate number or take a picture. Then report the incident to the Highland Police Department at 909-387-8313 or during business hours contact Public Services at 909-864-6861, ext. 271.

**Discourage scavenging - do not give permission to scavengers or the "Cardboard Man" to take recyclables from your bins.**

*If you have any questions please contact  
Public Services Coordinator, Carlos Florez at 909-864-8732 ext. 271.*

## **HIGHLAND GROCERY DELIVERY PROGRAM**

**H**ighland's Senior Grocery Delivery Service Program is open for enrollment. This program will assist senior citizen residents by paying the cost of an annual membership to a local grocery delivery service such as Instacart Express or Walmart Unlimited. Applicants eligible for this program must meet income requirements.

*INSTACART UPDATE*...Instacart announced that they have partnered with Aldi grocery to accept Electronic Benefits Transfer (EBT) and Supplemental Nutrition Assistance Program (SNAP) online payment. With EBT and SNAP payments on the Instacart platform, customers will be able to shop and select from Aldi's EBT and SNAP-eligible products. Once items are added to their cart, customers will be able to select how much of their benefits they would like to allocate to the order.

New with this expansion and to help subsidize costs for EBT and SNAP beneficiaries, during a 90-day period starting December 16, 2020, Instacart will waive delivery and/or pickup fees on up to the first three EBT or SNAP orders for each customer with a valid EBT card associated with their Instacart account. Contact Denise Moreno at 909-864-6861, ext. 203 or email [dmoreno@cityofhighland.org](mailto:dmoreno@cityofhighland.org) for more information and to sign up.

## **LIFESTREAM 2 FOR 2 COMMUNITY CAMPAIGN**

HELP LIFESTREAM PURCHASE NEW BLOODMOBILES!

\$2 – Yes, just TWO dollars – can make a “wheel” difference in community wellness!

### **Background**

Two LifeStream bloodmobiles must be retired soon because they no longer meet State and Federal vehicle emissions standards.

### **The Need**

Replacing these bloodmobiles with new, more environmentally friendly bloodmobiles can keep LifeStream “going to the donor” at schools, churches, hospitals, businesses, and government offices to collect life-saving blood. New bloodmobiles cost approximately \$250,000 each!

### **The Solution**

From January (National Blood Donor Month) through April, LifeStream is conducting their **2 for 2 Community Campaign**. They are asking blood donors, the public, small businesses, large companies, and corporate and community foundations to donate to our campaign. If everyone pitches in, they should easily reach the goal of raising \$500,000.

### **Why Are Bloodmobiles Important?**

Bloodmobiles are an essential component of LifeStream’s blood collection efforts and make it convenient for donors to give the gift of blood. In a typical year, 72,000 units (pints) are collected from mobile blood drives to help trauma and cancer patients, and for surgeries at local hospitals and medical facilities. Without bloodmobiles, LifeStream would not be able to meet local patients’ needs.

Mobile staff also provide blood donors with valuable health information during the screening process. In 2019, LifeStream provided “mini-physicals” to 125,000 blood donors. These “mini-physicals” assessed each person’s pulse, temperature, blood pressure, cholesterol, and hemoglobin. All blood donations are also tested for infectious diseases and the presence of COVID antibodies.

**On behalf of present-day and future patients who count on a caring community, LifeStream thanks you!**
