

City of Highland Weekly Report

June 10, 2021

ADMINISTRATION

Dear Highland Residents, Business Owners, and Community Stakeholders:

City Hall is open. In an effort to help prevent the spread of COVID-19, social distancing and face coverings will be required when entering City Hall. This may include having people wait outside to be called in if the lobby gets too crowded. Temperature screenings will be required of anyone entering beyond the lobby area. We also encourage everyone to take care of business through email, U.S. mail or via phone, if possible.

We are working with the County of San Bernardino and the State to allow the County to move more quickly into later phases of reopening our businesses. I will continue to work with the County to drive the point home to the Governor that a one-size-fits-all approach in a state as large as California is not a reasonable method to re-open our economy and to allow businesses in San Bernardino County to re-open quickly.

Over the last few months, we have received a lot of information from many sources regarding the Coronavirus (COVID-19). The information and directives change daily and the effects are impacting the lives of everyone.

As your Mayor, I am asking that we all focus on and follow the information provided through the San Bernardino County Department of Health's website at www.sbcounty.gov/dph/coronavirus/ and the State website at www.covid19.ca.gov. The directions given there are intended to keep us all safe and well as a community.

The Highland City Council and Staff want you to know the health and safety of our residents, businesses, and community stakeholders is important and of primary concern to all of us during this Coronavirus state and local emergency period.

Please continue to visit our website at www.cityofhighland.org and follow us on Facebook for information. These are unprecedented times. Together, we will get through this. Be kind to one another and be safe.

Penny Lilburn
Mayor

Estimados residentes de Highland, propietarios de negocios y partes interesadas de la comunidad:

El Ayuntamiento ya está abierto. En un esfuerzo por ayudar a prevenir la propagación de COVID-19, se requerirá mantener distancia social y cubrir bocas al entrar en el Ayuntamiento. Esto puede incluir que las personas esperen afuera para ser llamados si el pasillo se llena demasiado. Se requerirán exámenes de temperatura para cualquier persona que entre más allá del área del pasillo. También animamos a todos a ocuparse de los negocios a través de correo electrónico, correo postal de EE. UU. o por teléfono, si es posible.

Estamos trabajando con el Condado de San Bernardino y el Estado para permitir que el Condado se mueva más rápidamente en fases posteriores de reapertura de nuestros negocios. Continuaré trabajando con el Condado para llevar el punto a casa al Gobernador que un enfoque único en un estado tan grande como California no es un método razonable para reabrir nuestra economía y permitir que las empresas en el Condado de San Bernardino reabran rápidamente.

En los últimos meses, hemos recibido mucha información de muchas fuentes con respecto al Coronavirus (COVID-19). La información y las directivas cambian a diario y los efectos están afectando la vida de todos.

Como su Alcalde, pido que todos nos concentremos y sigamos la información proporcionada a través del sitio web del Departamento de Salud del Condado de San Bernardino en www.sbcounty.gov/dph/coronavirus/ y el sitio web del estado en www.covid19.ca.gov. Las instrucciones dadas allí están destinadas a mantenernos a todos seguros y saludables como una comunidad.

El Ayuntamiento y el Personal de Highland quieren que usted sepa que la salud y la seguridad de nuestros residentes, empresas y partes interesadas de la comunidad es importante y de principal preocupación para todos nosotros durante este estado de Coronavirus y el período de emergencia local.

Por favor, continúe visitando nuestro sitio web en www.cityofhighland.org y síganos en Facebook para obtener información.

Estos son tiempos sin precedentes. Juntos, superaremos esto. Sé amable el uno con el otro y sé seguro.

Penny Lilburn
Alcalde

The San Bernardino County Department of Public Health (DPH) continues to work with the Centers for Disease Control and Prevention (CDC) and the California Department of Public Health (CDPH) to respond to reports of Novel Coronavirus 2019 (COVID-19) as the situation is quickly evolving.

Residents of San Bernardino are encouraged to stay home as much as possible while only participating in essential activities, such as critical work functions and shopping for necessities. We know these measures are challenging, but social distancing will help to protect all of our communities. Please call at least 24 hours in advance to schedule your bulky item pick up. Large or bulky items include: scrap metal, wood, old appliances, furniture, televisions, computer monitors, refrigerator or freezer, tree branches, mattresses, etc.

Avoid Blue Barrel Contamination!

Contamination happens when non-recyclable items are mixed in with recyclables Items. Paper smeared with food or grease cannot be processed with clean paper and can ruin a newly made product if it is not caught before it goes to the factory. Too much contamination is the reason manufacturers reject tons of recyclable paper each year. Help Highland keep their recycling clean and free from trash and contamination. Doing so improves rates, quality of recyclables and lessens the amount of material going to the landfill.

Reduce Illegal Dumping in Highland

There is a growing problem with illegal dumping, unfortunately instead of properly disposing of the items, some junk removal "companies" will dump the items illegally. These companies can offer a lower price than a reputable company because they avoid paying dump fees and have no intention of following the law. An important reminder is that if a junk removal company illegally dumps your items, those are still your items. YOU can be held liable for the cleanup.

To avoid any of these problems, you can choose a company that will do the right thing:

- The company must have a valid City of Highland business license to operate in the City of Highland.
- Ensure the company gives you a copy of the weight receipts from the transfer station or landfill for disposal of your items.

Report Illegal Dumping

The City of Highland encourages anyone who encounters an illegal dump that has already taken place to call: Public Works at 909-864-6861, ext. 217.

If you witness someone illegally dumping or any other pollution activity, ***DO NOT APPROACH THEM***, maintain a safe distance, and call the Highland Police Station at 909-425-9793 to report the incident. If you are unable to report it in the moment, please take down the following information and report it as soon as possible:

- Date, time, and location of incident.
- Description and photos of material that has been dumped.
- Description and photos of vehicle and license plate.
- Description and photos of person(s) dumping.
- Your name and phone number (optional).
