## Weekly Report

March 25, 2022

**24th Annual  
Citrus Harvest Festival  
March 26, 2022**

*Please  
join us!*

The City of Highland's 24<sup>th</sup> annual Citrus Harvest Festival is this Saturday, March 26 from 10:00 a.m. to 3:30 p.m. in Highland's Historic District at the intersection of Palm Avenue and Main Street.

This year, we are planning for a full scale festival and expecting upwards of 5,000 attendees. Thus far, staff has received a total of 84 vendor applications that include various historic demonstrators, food trucks, a classic car show, and live music.

In addition to the usual poetry, coloring, and citrus fruit growing contests, this year we will also be holding a "Good Neighbor" contest in which a historic district resident will receive an award for exhibiting the best lawn and/or most improved and rehabilitated home exterior.

*For further information, please contact (909) 864-6861, extension 210.*

## *Citrus Harvest Festival ~ March 26, 2022*

The Annual Citrus Harvest Festival is finally here! On March 26, 2022 Re-Pete and the Public Services Division are gearing up for this year's event. We could not be more excited about this year's booth activities. Test your knowledge of recycling, trash and household hazardous waste (HHW) with a fun sorting game. Regardless of getting the question right or wrong, you will still receive a prize for participating. Also, you will receive information on how you can prevent stormwater pollution.

A representative from the San Bernardino County Fire Department Household Hazardous Waste Program will be on hand to answer all of your household hazardous waste (HHW) questions. For those of you that change your oil on your vehicles, stop by and pick a FREE oil container.

Hope to see you at the Public Services Division booth!

*For more information call Public Services at (909) 864-6861, extension 271.*

# Volunteer Services

The Highland Improvement Team needs volunteers! Now is your chance to be part of this great group of dedicated community volunteers. Our mission is to improve the overall environment of our city for all residents and businesses. Join us as we beautify our community and get involved today ~ Sign up as Highland's newest volunteer!

Highland Improvement Team projects are scheduled on the first Saturday of each month. Projects vary from month to month but can include:

- Residential yard cleanups for senior residents
- Residential garage cleanouts for senior residents
- Graffiti abatement
- Litter pick-up
- Park cleanups
- Special events and many more!

Join us at our next project scheduled for Saturday, April 2, 2022. We will meet at Highland City Hall located at 27215 Base Line. Volunteers can begin signing in at 7:30 a.m. The cleanup begins at 8:00 a.m. and runs through 12:00 p.m. The city will provide all tools and equipment needed for the project.

*If you should have questions, please contact Denise Moreno, Volunteer Services Coordinator, at 909-864-6861, extension 203.*

**Funding Currently Available!!!**

The City of Highland is encouraging small businesses in Highland to apply for the Coronavirus Recovery Fund grant program. First launched in September 2021, the purpose of this program is to provide financial assistance to City-based small businesses impacted by the COVID-19 pandemic. Successful grant recipients will receive a one-time \$7,500 disbursement.

Businesses that meet these specific criteria are eligible for consideration:

- Must have a physical location within the City of Highland (store front, office, commercial structure).
- Be in good standing with the City of Highland (**current/valid business license, no outstanding code enforcement actions, or compliance orders**).
- Must have no more than 100 employees.
- Must be in existence as of August 24, 2021.

Contact Denise Moreno at (909) 864-6861, extension 203 or by email to [dmoreno@cityofhighland.org](mailto:dmoreno@cityofhighland.org) for an application and for more information.

## SOUND THE ALARM SIGN UP FOR FREE SMOKE ALARM INSTALLATION!

The American Red Cross has started a new program. Under normal circumstances, the Red Cross partners up with volunteers to canvas neighborhoods to install free smoke alarms in homes, replace batteries in existing alarms and help families create home fire escape plans. Unfortunately, COVID has prevented them from hosting rally events of this type. The modified program is now an appointment based, "hot shot" program. This program will consist of installing FREE smoke alarms and providing home fire safety education to residents by appointment only.

The installation service and the home fire preparedness education are FREE to the resident. After signing up, a Red Cross volunteer will contact the resident to schedule the appointment. Volunteers will be following all COVID-19 precautions before entering the home and while in the home.

Working smoke alarms save lives! Install them on every level of your home and remember to test them monthly. Discover more ways to prepare and sign up for a free smoke alarm installation at [SoundTheAlarm.org/SoCal](http://SoundTheAlarm.org/SoCal)

Visit: [www.SoundTheAlarm.org/SoCal](http://www.SoundTheAlarm.org/SoCal) or call (714) 481-5334 for more information or to sign up for free smoke alarm installation. Residents belonging to San Diego, Orange, Riverside, San Bernardino, and Imperial Counties are eligible. #EndHomeFires

# RE-PETE WANTS YOU TO KNOW...

## *For Disposal of Large or Bulky Items*

**Burrtec** now provides four residential curbside large or bulky item collections (maximum of 5 items per collection) during a 12-month period at no extra charge. Please call at least 24 hours in advance to schedule your bulky item pick up. Large or bulky items include: scrap metal, wood, old appliances, furniture, televisions, computer monitors, refrigerator or freezer, tree branches, mattresses, etc.

## *Avoid Blue Barrel Contamination!*

Contamination happens when non-recyclable items are mixed in with recyclables items. Paper smeared with food or grease cannot be processed with clean paper and can ruin a newly made product if it is not caught before it goes to the factory. Too much contamination is the reason manufacturers reject tons of recyclable paper each year. Help Highland keep their recycling clean and free from trash and contamination. Doing so improves rates, quality of recyclables and lessens the amount of material going to the landfill.

## **Recyclable Items Include...**

### **PLASTICS NO. 1-7**

- Milk, juice, soda and water bottles
- Yogurt, dairy and margarine tubs
- Shampoo and conditioner bottles
- Detergent and fabric softener bottles
- Clean garden pots or flats
- Styrofoam food containers

### **ALUMINUM & TIN (labels may stay on)**

- Steel or tin cans (e.g. tuna cans)
- Pin tins
- Aluminum foil
- Aluminum food & soda cans

### **MIXED PAPER & NEWSPAPER**

- Newspaper (with inserts)
- Magazines / Catalogs
- Junk mail (remove free samples)
- White & colored paper
- Brown paper bags
- Envelopes with plastic window
- Wrapping paper

### **CARDBOARD**

- Cardboard
- Cardboard (soda/beverage carriers)
- Binboard (e.g. cereal boxes)
- Milk cartons

### **GLASS (remove lids from jar, labels may stay on)**

- Glass bottle / jars (any color)
- Mason jars (any color)

# Public Works

During the period of March 14, 2022 through March 18, 2022, graffiti was made known to Public Works staff by the following means and removed:

**Routine observation by Public Works:** 27550 Base Line, 26630 Base Line, Base Line & Sterling Avenue, Base Line & Mira Vista Avenue, Base Line & Osbun Road, Base Line & Elmwood Road, Base Line & Golondrina Drive, Base Line & Elm Street, Cypress Street & Palm Avenue, Palm Avenue & Harlan Lane, 9<sup>th</sup> Street & Palm Avenue, Community Park, Church Avenue & Main Street.

**You can recycle your  
old mattress for free.  
Stop illegal dumping.**

Don't dump your old mattress. Not only is it illegal, but it will end up in a landfill when it could be so much more. On the other hand, recycling the mattress and box spring lets the steel, foam, fiber and wood become new products. Like steel parts, filters, carpet padding and even mulch for your garden. Find out about your FREE recycling options at [ByeByeMattress.com](http://ByeByeMattress.com).

# Pool Discharge Tips

Maintain your pool properly and help protect the environment

## DID YOU KNOW?

Routine swimming pool maintenance generates a variety of wastes such as cleaning wastewater, filter back-wash residues, biocides and acid washes that can contribute to stormwater pollution. Chlorine and other pool chemicals can harm our waterways when they are discharged improperly.

Share these good housekeeping practices with your pool service personnel to keep pollutants out of our waterways:

## HOLD IT BEFORE YOU DRAIN IT.

- De-chlorinate the water before draining the pool to the storm drain.
- Consult with your pool contractor before de-chlorinating the pool to learn about your options.

### SHUT:

Shut off the chlorination system or stop adding chlorine.

### HOLD:

Hold the water in the pool for at least 5 days or add a de-chlorinating agent.

### TEST:

Use a pool testing kit to ensure the level of chlorine is at 0.1ppm before discharging the water.

- Make sure all debris is removed and chemicals are dissipated.
- pH of pool water should be between 6.5 and 8.5 before discharging.
- Make sure the water is free of any discoloration, mosquitoes, dirt or algae.

## IMPORTANT:

- Dispose of filter backwash solids in the trash or landscape area.
- Neutralize acid washes before discharging to the sewer. Do not discharge to the storm drain.

### DRAIN:

Check with your city for local requirements before discharging your pool to the storm drain or sewer.

- **Alternative 1: Sanitary Sewer** — Some cities allow pools to be drained to the sanitary sewer during non-peak hours.
- **Alternative 2: Lawn or Garden** — Discharge the pool water through the lawn or garden. The flow should be controlled to prevent erosion problems or the water entering a neighbor's property.
- **For Saltwater Pools:** Saltwater pools should only be drained to the sewer or hauled away.

To report illegal dumping, call (877) WASTE18 or visit [sbcountystormwater.org](http://sbcountystormwater.org)

# WASH YOUR CAR THE ECO-FRIENDLY WAY!

When possible, wash in a professional car wash.

- 1 **Locate** the nearest storm drain and ensure that wash water does not flow into it.

- 2 **Wash** in a contained area or on grass\*, gravel or other permeable surface. Dispose of excess soapy water into the sanitary sewer (*ie. sink or toilet*) or onto grass.

- 3 **Use** eco-friendly cleaning products (*non-toxic, phosphate free or biodegradable*). Use as little soap as possible and wipe brake dust off tires with a rag before washing.

- 4 **Conserve** water by using a high pressure hose and turn off the water when not in use.

*\*Some local ordinances may not allow a car to be parked on the front lawn. Check with your City's Building and Code department if you are unsure.*

## How Does Eco Car Washing Help Local Waterways?

When excess wash water travels through the street it has the potential to pick up oil, grease and other chemicals along the way before it ends up in the curb, gutter and the storm drain system. **This contaminated water then travels to our creeks and the Santa Ana River making it unsafe for people and wildlife.**

To report illegal dumping, call **(877) WASTE18** or visit **[sbcountystormwater.org](http://sbcountystormwater.org)**  
To find a Hazardous Waste Facility, call **(800) OILY CAT**

# PICK UP AFTER YOUR PET

## WHY SHOULD I PICK UP?

-  Dog waste can infect children and adults with disease-causing bacteria and parasites.
-  Your dog can get infected from the waste of other dogs.
-  Dog waste can affect the quality of our rivers and oceans and make the water unsafe for swimming, drinking, or fishing.

## BAG IT AND TRASH IT! — Steps and Tips —

- Step 1:** Keep a supply of bags tied to your dog leash.
- Step 2:** Bag the poop and tie the bag.
- Step 3:** Dispose of the tied bag properly by throwing it into a trash can.

Dear Highland Neighbor:

The 2022 Redlands Bicycle Classic is excited to announce that the initial stage of this year's race will occur on Wednesday, April 20, 2022, in the City of Highland. We would like to thank all of the residents and businesses along the course for their assistance and patience, as we bring you one of the premier cycling events in the country.

The Highland Stage is a "circuit" race, which means the cyclists will be completing numerous laps around the course. This will give you an opportunity to see them up close and cheer them on as they pass by your location. Spectators may walk along the outside of the course, however, please be sure to stay off the course itself. The riders will be exceeding 50 MPH at times, and we want to ensure your safety, as well as the safety of the riders.

With safety as our top primary concern, there will be some local street closures in place throughout the day.

6:00am-4:00pm Eastbound Baseline Road between Streater Avenue and Church Street will be closed  
Westbound Baseline Road will be reduced to one lane in this location  
(Immanuel Baptist Church access will be via the Streater Avenue driveway only)  
Greenspot Road and Highland Avenue are the best alternate routes

8:00am-3:00pm Jack Rabbit Lane between Church Street and Foxtail Way  
Foxtail Way between Jack Rabbit Lane and Glenheather Drive  
Glenheather Drive between Foxtail Way and Tonner Drive  
Tonner Drive between Glenheather Drive and Orange Street  
Orange Street between Tonner Drive and Sycamore Drive  
Sycamore Drive between Orange Street and Webster Street  
Webster Street between Sycamore Drive and Baseline Street

8:05am-2:00pm Church Street between Baseline Road and Greenspot Road will be closed in both directions  
Arroyo Verde traffic (including Kindergarten pickup/dropoff) should access the lower parking lot using northbound Church Street from Greenspot Road. Church Street will reopen as soon as the race ends to facilitate end-of-school dismissal.

*Traffic will be impacted in the area of Highland Grove Elementary and Beattie Middle School. Use Orange Street via Greenspot Road and Webster Street via Boulder Avenue to access these schools. As race day approaches, individual schools will provide detailed instructions through recorded messages. Please drive cautiously!*

If you anticipate leaving your business or residence during race time, please understand that there may be a delay, as our marshals must wait until there are no cyclists approaching before they allow you on the course. At that time, you will be allowed onto the course, **but only in the direction of the race**, and you will be required to **exit the course at the next opportunity**. Refer to the attached map to determine the direction the race will be traveling. If you are having difficulty getting to a specific location, contact one of our marshals or a law enforcement official. Our marshals will be strategically placed throughout the course to assist you in getting where you need to go. If you need to leave a residence on the course while the race is in progress, it is imperative that you seek assistance from a marshal before exiting. If possible, please park your vehicle on a street off of the course ahead of time.

For those who live on the course, temporary no parking signs will be posted several days prior to the race. For your convenience, a map of this year's course is included. The streets in bold will have parking restrictions. Vehicles must be removed from the course by 11:59 pm on Tuesday, April 19<sup>th</sup> (eight hours before the race begins). Any vehicles remaining on the course are subject to removal. Towed vehicles will be taken to the southwest parking lot of Immanuel Baptist Church. Finally, **loose dogs present a significant hazard to cyclists traveling at high speeds**. Please ensure that your pet is secured during the event.

**DISCHARGE TO THE STORM DRAIN, ACCIDENTAL OR NOT, COULD LEAD TO ENFORCEMENT ACTIONS AND FINES**

## Sustainable Practices for Landscape Maintenance

Your contributions make a difference in the way you maintain your yard. Learn how to truly be a “green” thumb and prevent stormwater pollution.

### Recycle Yard Waste

Yard waste, like grass and leaves, can block the storm drain or carry harmful chemicals into it.

- Recycle yard waste by placing them into your greenwaste container.
- Do not blow, sweep, rake, or hose yard waste into the street or catch basin.
- Try grasscycling by leaving clippings on the lawn when mowing.

For more information, visit [www.calrecycle.ca.gov/organics/grasscycling](http://www.calrecycle.ca.gov/organics/grasscycling).

### Use Safe Products

Fertilizers, herbicides, and pesticides are often carried into the storm drain by sprinkler runoff.

- Use natural and non-toxic alternatives as often as possible.
- Spot-apply, rather than blanketing entire areas.

Apply chemicals directly to the area that needs treatment.

- Read the product label and use only as directed.
- Never apply before a rain.

### Use Water Wisely

Conserving water minimizes the amount of urban runoff going into the street.

- Control the amount of water and direction of sprinklers.

The average lawn only needs about an inch of water a week or 10 to 20 minutes of watering.

- Periodically inspect and fix sprinklers for leaks.

Realign sprinkler heads to make sure water is distributed onto the lawn and not onto the sidewalk.

- Plant native vegetation to reduce the need of water.

### HOMEOWNERS

Keep these tips in mind when hiring professional landscapers and remind them as necessary.

Leftover pesticides, fertilizers, and herbicides contaminate landfills and should be disposed of through a Household Hazardous Waste Center\*.

For more information on proper disposal, call 1 (800) OILYCAT or visit [tootoxictotrash.com](http://tootoxictotrash.com).

\*FREE for San Bernardino County residents. Businesses can call for cost inquiries and to schedule an appointment.

To report illegal dumping or toxic spills, call (877) WASTE18 or visit [tootoxictotrash.com](http://tootoxictotrash.com)

SAN BERNARDINO COUNTY STORMWATER PROGRAM

**WHERE WATER MEETS COMMUNITY**

**DESCARGAR DESECHOS HACIA EL DRENAJE DE AGUAS PLUVIALES, ACCIDENTALMENTE O NO, PODRÍA DESENCADENAR ACCIONES POR PARTE DE LAS AUTORIDADES, INCLUYENDO MULTAS**

## Prácticas Sostenibles para el Mantenimiento de Jardinería

Sus acciones pueden marcar una gran diferencia en la forma en que usted mantenga su jardín. Aprenda cómo implementar prácticas ecológicas y prevenir la contaminación de las aguas pluviales.

### Recicle los Residuos de Jardín

Los desechos de jardín, como la hierba y las hojas, pueden bloquear el drenaje pluvial o transportar productos químicos dañinos.

- Recicle los desechos del jardín colocándolos en su contenedor verde de desechos.
- No sople, barra, rastrille ni riegue los desechos del patio en la calle o en la cuneta.
- Intente reciclar el césped dejando los recortes sobre el césped.

Para obtener más información, visite el sitio web en inglés [www.calrecycle.ca.gov/organics/grasscycling](http://www.calrecycle.ca.gov/organics/grasscycling).

### Use Productos Seguros

Los fertilizantes, herbicidas y pesticidas a menudo son arrastrados al drenaje pluvial a través del agua sobrante proveniente de los rociadores.

- Use alternativas naturales y no tóxicas con la mayor frecuencia posible.
- Aplique los productos en las áreas específicas que requiera tratamiento en lugar de cubrir áreas enteras.
- Lea la etiqueta del producto y use solo como se indica.
- Nunca aplique antes de una lluvia.

### Use el Agua de Forma Inteligente

La conservación del agua minimiza la cantidad de escorrentía que va a la calle a través del agua sobrante.

- Controle la cantidad de agua y la dirección de los rociadores.

El césped promedio solo necesita aproximadamente una pulgada de agua por semana, incluida la lluvia, o 10 a 20 minutos de riego.

- Inspeccione y repare periódicamente los rociadores para detectar fugas y goteos.

Realíe las cabezas de los rociadores para asegurarse de que el agua se distribuya en el césped y no en la acera.

- Plante vegetación autóctona para reducir la necesidad de agua.

### PROPIETARIOS

Tenga en cuenta estos consejos al contratar jardineros profesionales y haga que los mantengan presente como sea necesario.

Los pesticidas, fertilizantes y herbicidas sobrantes contaminan los vertederos y deben desecharse a través de un Centro de Residuos Domésticos Peligrosos\*.

Para obtener más información sobre la forma de desechar adecuadamente residuos peligrosos, llame al 1 (800) 645-9228 o visite [muytoxicoparabotar.com](http://muytoxicoparabotar.com).

\*GRATIS para los residentes del Condado de San Bernardino. Las empresas pueden llamar para consultar los costos y para programar una cita.

Para reportar desechos ilegales o derrames tóxicos, llame al (877) 927-8318 o visite [muytoxicoparabotar.com](http://muytoxicoparabotar.com)

Para eliminar residuos peligrosos, llame al 1 (800) 645-9228
