Volunteer Services

Join us for our annual Community Day of Services cleanup on Saturday, May 7, 2022, at Highland Community Park, 7793 Central Avenue. Volunteers can begin signing in at 8:00 a.m. The cleanup begins at 9:00 a.m. and runs through 11:00 a.m. Volunteers are needed to help with landscaping, litter pickup and painting at the park.

The City will provide all tools and equipment needed. Volunteers are encouraged to bring gloves and wear a hat and sunscreen. East Valley Water District will be providing lunch for participating volunteers.

The Highland Improvement Team needs volunteers! Now is your chance to be part of this excellent group of dedicated community volunteers. Our mission is to improve the overall environment of our city for all residents and businesses. Join us as we beautify our community and get involved today ~ Sign up as Highland's newest volunteer!

Highland Improvement Team projects are scheduled on the first Saturday of each month. Projects vary from month to month but can include:

- Residential yard cleanups for senior residents
- Residential garage cleanouts for senior residents
- Graffiti abatement
- Litter pick-up
- Park cleanups
- Special events and many more!

If you should have questions or would for further information, please contact Denise Moreno, Volunteer Services Coordinator, at (909) 864-6861, extension 203.

SMALL BUSINESS
Relief and Recovery Fund

Funding is Currently Available!!!

The City of Highland is encouraging small businesses in Highland to apply for the Coronavirus Recovery Fund grant program. First launched in September 2021, the purpose of this program is to provide financial assistance to City-based small businesses impacted by the COVID-19 pandemic. Successful grant recipients will receive a one-time \$7,500 disbursement.

Businesses that meet these specific criteria are eligible for consideration:

- Must have a physical location within the City of Highland (store front, office, commercial structure).
- Be in good standing with the City of Highland (**current/valid business license, no outstanding code enforcement actions, or compliance orders**).
- Must have no more than 100 employees.
- Must be in existence as of August 24, 2021.

Contact Denise Moreno at (909) 864-6861, extension 203 or by email to dmoreno@cityofhighland.org for an application and more information.

Public Services

SENIORS WANTED!

Are you a Highland resident and sixty (60) years of age or older? If so, then you are eligible to receive a senior discount on trash service. Senior citizen rates are equivalent to a twenty percent (20%) discount to the individuals who meet the following criteria:

- A. Over sixty (60) years of age
- B. Residing as head of household
- C. Single Family residence only

Note: proof of items a-c is required

SENIOR DISCOUNT

For more information on the senior discount please contact Burrtec Waste Industries, Inc. at (909) 889-1969. For general information regarding solid waste and/or recycling services in the City of Highland, please contact Public Services Division at (909) 864-8732, extension 271.

Refuse Collection Information

Containers must be placed at the curb for service by 5:30 a.m. the day of collection to ensure service. Between collection days residents are encouraged to store carts on your property, either in garages or behind fences.

Street Sweeping

The street sweeper in residential areas can sweep anytime from 6 a.m. to 6 p.m., the next business day after your trash day. If trash pickup is delayed one day due to a holiday, the street sweeper will be delayed one day as well. Residents are encouraged to move parked vehicles from the street on sweeping day to ensure clean streets for Highland.

Stormwater Pollution

Anything thrown, swept or poured into the gutter or catch basin can flow directly into our creeks and eventually the ocean. This includes pollutants like trash, pet waste, cigarette butts, motor oil, anti-freeze, pesticides and fertilizers, paint from brushes, containers rinsed in the gutter and toxic household chemicals. Unlike sewage, which goes to a treatment plant, stormwater pollution flows untreated through the storm drain system. Contaminated runoff pollutes our drinking water and waterways, making them unsafe for people and wildlife.

For more information please contact the Public Services Division at 909-864-8732 ext. 271.

Get Ready!

Get Prepared!

BE FIREWISE!

Administration

May is Wildfire Awareness Month Tips to Prepare for Wildfires

Wildfires are unplanned fires that burn in natural areas like forests, grasslands, or prairies. These dangerous fires spread quickly and can devastate not only wildlife and natural areas, but also communities.

Recognize Warnings and Alerts

- Have several ways to receive alerts. Download the FEMA app and receive real-time alerts from the National Weather Service for up to five locations nationwide. Sign up for community alerts in your area and be aware of the Emergency Alert System (EAS) and Wireless Emergency Alert (WEA), which requires no-sign up.
- Pay attention to air quality alerts.

Make an Emergency Plan

- Make sure everyone in your household knows and understands what to do if you need to quickly evacuate.
- Don't forget a plan for the office, kids' daycare and anywhere you frequent.

Review Important Documents

- Make sure your insurance policies and personal documents, like ID, are up to date.
- Make copies and keep them in a secure password-protected digital space.

Strengthen your Home

- Use fire-resistant materials to build, renovate or make repairs.
- Find an outdoor water source with a hose that can reach any area of your property.
- Create a fire-resistant zone that is free of leaves, debris or flammable materials for at least 30 feet from your home.
- Designate a room that can be closed off from outside air. Close all doors and windows. Set up a portable air cleaner to keep indoor pollution levels low when smoky conditions exist.

Know your Evacuation Zone

- You may have to evacuate quickly due to a wildfire. Learn your evacuation routes, practice with household, pets and identify where you will go.
- Follow the instructions from local authorities. They will provide the latest recommendations based on the threat to your community and appropriate safety measures.

Gather Supplies

- Have enough supplies for your household, including a first aid kit, in your go bag or car trunk.
 - Being prepared allows you to avoid unnecessary excursions and to address minor medical issues at home, alleviating the burden on urgent care centers and hospitals.
 - Remember that not everyone can afford to respond by stocking up on necessities. For those who can afford it, making essential purchases and slowly building up supplies in advance will allow for longer time periods between shopping trips.
- Be cautious when carrying flammable or combustible household products that can cause fires or explosions if handled wrong, such as aerosols, cooking oils, rubbing alcohol and hand sanitizer.
- If available, store an N95 mask to protect yourself from smoke inhalation.
- Keep your cell phone charged when wildfires could be in your area. Purchase backup charging devices to power electronics.

Stay Safe During

- Pay attention to emergency alerts and notifications for information and instructions.
- Evacuate immediately if authorities tell you to do so!
 - Check with local authorities for the latest information about public shelters or check open locations on the FEMA app. You can also download the free Red Cross Emergency app for a list of open Red Cross shelters in your area.
 - Consider making plans with friends or family to shelter with them where you may be safer and more comfortable.
- If trapped, call 9-1-1 and give your location, but be aware that emergency response could be delayed or impossible. Turn on lights to help rescuers find you.
- Use an N95 mask to protect yourself from smoke inhalation or limit your exposure to smoke by doing the following:
 - Choose a room to close off from outside air and set up a portable air cleaner or filter to keep the air in this room clean even when it's smoky in the rest of the building and outdoors.
 - Use high efficiency filters in your central air conditioning system to capture fine particles from smoke. If your system has fresh air intake, set the system to "recirculate" mode and close the outdoor intake damper.
 - If you are not ordered to evacuate but smoky conditions exist, stay inside in a safe location, or go to a community building where smoke levels are lower.
- If you are sick and need medical attention, contact your healthcare provider for further care instructions and shelter in place, if possible.

Returning Home After a Wildfire

- Do not return home until authorities say it is safe to do so.
- Avoid hot ash, charred trees, smoldering debris, and live embers. The ground may contain heat pockets that can burn you or spark another fire.
- When cleaning, wear protective clothing – including a long-sleeved shirt, long pants, work gloves and sturdy thick-soled shoes – during clean-up efforts.
- Use a respirator to limit your exposure, and wet debris to minimize breathing dust particles. People with asthma, COPD and/or other lung conditions should take precautions in areas with poor air quality, as it can worsen symptoms.
- Document property damage with photographs. Conduct an inventory and contact your insurance company for assistance.
- Send text messages or use social media to reach out to family and friends. Phone systems are often busy following a disaster. Make calls only in emergencies.

PICK UP AFTER YOUR PET

Step 1

Step 2

Step 3

WHY SHOULD I PICK UP?

Dog waste can infect children and adults with disease-causing bacteria and parasites.

Your dog can get infected from the waste of other dogs.

Dog waste can affect the quality of our rivers and oceans and make the water unsafe for swimming, drinking, or fishing.

BAG IT AND TRASH IT!

— Steps and Tips —

Step 1: Keep a supply of bags tied to your dog leash.

Step 2: Bag the poop and tie the bag.

Step 3: Dispose of the tied bag properly by throwing it into a trash can.

HOT WEATHER

TIPS

DANGER SIGNS

Hot weather can be dangerous and even deadly. Precautions must be taken to ensure health and safety during our summer months. A person suffering from the heat may not realize it. Be aware of the warning signs of heat related illness, which include:

- Heat cramps: Painful muscle contractions, usually in the hamstring muscles.
- Heat exhaustion: Dizziness, fatigue, headache, rapid/weak pulse, pale or clammy skin.
- Heatstroke: Hot/dry/flushed skin, high body temperature, rapid heartbeat and confusion.

PREVENTION TIPS

- Drink plenty of water. Carry a bottle with you when you are away from home.
- Wear loose fitting cotton clothing and hats with wide brims and carry an umbrella.
- Check with your doctor. Heat may affect your reaction to certain medications.
- Keep electric lights low or off, shades drawn and blinds closed and limit oven use.
- Stay in well-ventilated areas. Circulation of air helps you keep cool.
- Open a window or turn on a fan or air conditioner.
- Have a friend check up on you at different times of the day when it is very hot.
- Eat light meals and avoid alcohol and caffeine.
- Plan ahead so your outside activities are during the coolest part of the day.
- Avoid unnecessary activity and being in direct sunlight or a hot environment.
- Take your time. Do not run around in a hurry.
- Never wait in a car or leave people or pets in a car.
- Remember, excessive heat exposure can result in illness or death!
