ADMINISTRATION

September is
National Preparedness Month

National Preparedness Month (NPM) is an observance each September to raise awareness about the importance of preparing for disasters and emergencies that could happen at any time. The 2021 theme is "Prepare to Protect. Preparing for disasters is protecting everyone you love." Gather supplies that will last for several days after a disaster for everyone living in your home. Don't forget to consider the unique needs each person or pet may have in case you have to evacuate quickly. Update your kits and supplies based on recommendations by the Centers for Disease Control.

BUILD A KIT

After an emergency, you may need to survive on your own for several days. Being prepared means having your own food, water, and other supplies to last for several days. A disaster supplies kit is a collection of basic items your household may need in the event of an emergency. Make sure your emergency kit is stocked with the items on the checklist below. Download a printable version to take with you to the store. Once you look at the basic items consider what unique needs your family might have, such as supplies for pets or seniors.

BASIC DISASTER SUPPLIES KIT

To assemble your kit store items in airtight plastic bags and put your entire disaster supplies kit in one or two easy-to-carry containers such as plastic bins or a duffel bag. A basic emergency supply kit could include the following recommended items:

- Water (one gallon per person per day for several days, for drinking and sanitation)
- Food (at least a three-day supply of non-perishable food)
- Battery-powered or hand crank radio and a NOAA Weather Radio with tone alert
- Flashlight with extra batteries
- First aid kit
- Whistle to signal for help
- Dust mask to help filter contaminated air
- Plastic sheeting and duct tape to shelter in place
- Moist towelettes, garbage bags and plastic ties for personal sanitation
- Wrench or pliers to turn off utilities
- Manual can opener for food
- Local maps
- Cell phone with chargers and a backup battery

National Prescription Drug Take Back Day

October 29, 2022 ~ 10:00 a.m. to 2:00 p.m.

The National Prescription Drug Take Back Day aims to provide a safe, convenient, and responsible means of disposing of prescription drugs, while also educating the general public about the potential for abuse of medications. Check back for location.

Your San Bernardino County Fire Department also has a great program that will take your medications (excluding controlled substances, separate liquids from solids), at your local:

Local hospitals do not have enough blood for patient care. Blood donations are **URGENTLY** needed now to protect lifesaving treatments in your community! LifeStream is urging all who are able, to donate immediately.

SAN BERNARDINO, CALIF - Officials at LifeStream Blood Bank, which provides blood products and services to more than 80 Southern California hospitals, are desperately urging residents to help the community battle back against a severe blood shortage that threatens local patients.

BLOOD DONATIONS URGENTLY NEEDED!!!

“Area hospitals do not have enough blood on their shelves to treat patients in need,” said Dr. Rick Axelrod, LifeStream’s president/CEO and medical director. “All blood types are desperately needed. Our type O supply has taken a considerable hit, reaching historic low levels. This is extremely alarming, especially in the summer months, which is already a challenging time for blood collection. We are making an immediate call to action. Hospitals will cancel needed surgeries for adults and children if collections continue to decline.”

To fulfill patient need, LifeStream must collect at least 500 blood donations daily. LifeStream has fixed-site donor centers in San Bernardino, Riverside, Ontario, Victorville, Murrieta, La Quinta, Rancho Mirage, Placentia, and Hemet and conducts mobile drives throughout its service area.

“This critical shortage puts patient care at risk, and we ask our community to stand with those patients and their loved ones by ‘rolling up a sleeve’ and sharing their most precious gift,” continued Dr. Axelrod. “Just one pint of blood can save three lives. By donating, you can bring hope to many local families and their loved ones. Your donation will save a life.”

How to Safely Dispose Sharps

**EFFECTIVE
JULY 1, 2021**

SAN BERNARDINO COUNTY RESIDENTS can safely dispose of their used SHARPS in a 2 gallon or smaller, heavy-duty, plastic container as an alternative to plastic bio-hazard sharps containers at participating Household Hazardous Waste Collection facilities.

Containers should only contain needles, lancets, and syringes with a needle attached that must be completely spent (no liquid remaining, including EpiPens).

HOW TO CREATE YOUR OWN CONTAINER:

- Place sharps into an Approved Sharps Container or 2 gallon or smaller heavy-duty plastic container
- Do not use food product containers
- Must have a screw-top and puncture resistant lid
- Made of thick plastic
- 2 gallons or less
- Leak-resistant
- Remain upright when standing
- Place printed Bio-Hazard Label on both sides
- When $\frac{3}{4}$ filled, secure lid, and tape the container closed

DO NOT USE FOR SHARPS:

Print **FREE** labels by visiting
Greensb.net

Preprinted labels are available at
HHW collection facilities

Cómo desechar las agujas de forma segura

**EFFECTIVO EL
1 DE JULIO 2021**

LOS RESIDENTES DEL CONDADO DE SAN BERNARDINO pueden desechar de manera segura sus agujas usadas en un recipiente de plástico resistente de 2 galones, o más pequeño como alternativa a los recipientes de plástico para objetos punzantes con riesgo biológico en los Centros participantes de Colección para desechos peligrosos del hogar.

Los recipientes solo deben contener agujas, lancetas y jeringas con una aguja adjunta que debe gastarse por completo (Sin residuo líquido incluyendo los EpiPens).

COMO CREAR SU PROPIO CONTENEDOR:

- Coloque las agujas en un recipiente para objetos punzantes aprobado o en un recipiente de plástico resistente de 2 galones o más pequeño
- No utilice envases de productos para alimentos
- Debe tener una tapa de rosca y resistente a los pinchazos
- Hecho de plástico grueso
- 2 galones o menos
- Resistente a fugas
- Permanezca erguido cuando esté de pie
- Coloque la etiqueta impresa de peligro biológico en ambos lados
- Cuando esté lleno 3/4, cierre la tapa y pegue el recipiente con cinta adhesiva para mantener el contenedor cerrado

NO UTILIZAR PARA AGUJAS :

NEWS RELEASE

New Eligibility Guidelines Open SoCalGas Energy Savings Assistance Program to More Customers

Recently enacted California law increases customer access to no-cost energy-saving home improvements which support SoCalGas' efforts to lead the transition to a clean energy system

LOS ANGELES (July 6, 2022) – [Southern California Gas Co.](#) (SoCalGas) announced that as of July 1, 2022, more customers will now be eligible for no-cost energy-saving home improvements through the Energy Savings Assistance Program. The new guidelines expand eligibility criteria for customers whose income is up to 250% of federal poverty guidelines, compared to the previous criteria of up to 200%. A family of four that earns up to \$69,375, will now be eligible for no-cost energy efficiency upgrades. The previous income eligibility guidelines were up to \$55,500 for a family of four.

The ESA program provides attic insulation, furnace repair or replacement, clothes washer, water heater repair or replacement, water heater blankets, door weather stripping, caulking, low-flow showerheads, faucet aerators, minor repairs to doors and windows, and other services to eligible customers.

Customers could save up to 20% annually on their natural gas bill depending on the energy efficiency upgrades performed. More than 1.6 million homes have been enrolled in the program since 2002.

Customers can qualify for the Energy Savings Assistance Program based on having one individual in the home who falls under the income guidelines or participates in a public assistance program like Medi-Cal/Medicaid, CalFresh, the National School Lunch Program, among others. The program is open to renters and homeowners, and income levels are updated annually to adjust for federal poverty guidelines.

“SoCalGas is leading the transition to a more resilient energy future by providing customers with affordable, more sustainable energy. Through the Energy Savings Assistance Program, we can offer long-term, energy-efficient home improvements to customers that will lower their costs and reduce a household’s environmental footprint. The program’s expanded guidelines will allow more SoCalGas customers to save energy and save money and help us collectively reach clean energy goals,” said Brian Prusnek, SoCalGas’ Director of Customer Programs and Assistance.

The Energy Savings Assistance Program’s revised income guidelines were the result of Senate Bill 756, authored by San Diego Senator Ben Hueso (D-40). “The ESA program is an important tool for our state in the fight against climate change,” said Senator Hueso. “Energy efficiency upgrades reduce energy utility bills, increase a family’s quality of life and comfort, support economic development, and move the state closer toward its climate goals. However, the ESA program budgets are routinely not fully expended – often with hundreds of millions of dollars remaining unspent each year. This new law will remedy that by expanding eligibility to include more low-income customers.”

“My family and I are very happy and grateful for the weatherization repairs SoCalGas and their contractor ACSGROUP provided to our home,” said Veronica Medrano, a SoCalGas customer from Montclair. “We received a new furnace, and they installed a new water heater and we also qualified for a new washing machine. Our home is now more energy efficient. This program has changed our lives.”

Another SoCalGas customer assistance program is the California Alternative Rates for Energy (CARE) program, which will continue to provide a 20% discount on the monthly natural gas bill for customers who participate in certain public assistance programs or fall within 200% of federal poverty guidelines. A family of four that earns up to \$55,500 is now eligible for the discount.

To learn about SoCalGas’ customer assistance programs, including the CARE program, or to sign up for the Energy Savings Assistance Program, visit socalgas.com/assistance or call (800) 331-7593. Information is available in the following languages: Chinese, Hmong, Korean, Russian, Spanish, and Vietnamese.
