

WEEKLY NEWSLETTER

City of Highland

HAPPY THANKSGIVING

Burrtec Waste Industries, Inc. will be closed on Thursday, November 24, 2022 in observance of the Thanksgiving holiday. Therefore, solid waste, green waste and recycling collection service will be delayed by one day. Your regularly scheduled collection service will resume the following week. Please keep in mind that your street sweeping services will also be delayed by one day as well.

Thanksgiving Holiday Schedule is as follows:

If regular pickup day falls on: **Thursday, November 24**

Trash will be picked up on: **Friday, November 25**

If regular pickup day falls on: **Friday, November 25**

Trash will be picked up on: **Saturday, November 26**

Should you have any questions regarding the holiday delay with collection services, please contact:

► Burrtec Waste Industries, Inc. at (909) 889-1969

► City of Highland, Public Services Division at (909) 864-8732 ext 271

HIGHLAND IMPROVEMENT TEAM

Please join us at our next HIT project, scheduled for Saturday, December 3, 2022, from 8:00 a.m. to 12:00 p.m. Registration begins at 7:30 a.m. at Highland City Hall, 27215 Base Line.

Please contact Volunteer Services to sign-up for the HIT project and for more information at 909-864-6861, ext. 203.

GET INVOLVED
TODAY! Sign up
to become
Highland's
newest
volunteer!

We are looking for you to become a part of a wonderful group of dedicated community volunteers! JOIN US AS WE BEAUTIFY OUR COMMUNITY! Our mission is to improve the overall environment of our city for all residents and businesses.

Projects vary and include:

- Residential yard cleanups
- Residential garage cleanout
- Graffiti abatement
- Litter pickup
- Park cleanups
- Special events and more!

Do you know of a potential project or Highland resident that may need our help... Contact Volunteer Services for more information at 909-864-6861, ext. 203.

San Bernardino County Household Hazardous Waste Collection Facilities

ACCEPTED ITEMS

- Motor Oil/Used Filters
- Auto & Household Batteries
- Paint Products
- Antifreeze
- Household Cleaners
- Pesticides & Fertilizers
- Medications (excluding controlled substances, separate liquids from solids)
- Home-Generated Sharps/Needles in approved container
- Fluorescent Tubes
- E-Waste (Electronic Waste) such as: TVs & Computer Monitors, CPUs, Printers, Microwave Ovens, Cell/Mobile Phones, Telephones, Space Heaters, Stereos, Radios, VCRs/DVD Players, Musical Cards, Clothes Irons
- Mercury Thermostats
- Cooking Oil

ITEMS NOT ACCEPTED

- Business/Commercial Wastes
- Wastes from foreclosed properties and non-profit organizations
- Radioactive Wastes
- Medical Wastes other than Sharps
- Asbestos
- Explosives
- Reactives
- Tires, Appliances, Furniture, Air Conditioner, etc.

Transportation Guidelines

Before transporting hazardous waste to a collection facility, be sure that:

- The amount of waste transported does not exceed 15 gallons or 125 lbs per visit in containers no larger than 5 gallons.
- The waste is properly labeled as to its contents or in its original container.
- The containers are sound, not leaking and sealed.
- Wastes are placed securely in the vehicle for safe transport.
- The contents of the container are the same as stated on the label. If not, cover up the label and write the name of its contents.

Did you know that used motor oil and filters are 100% recyclable?

EMERGENCY MORTGAGE ASSISTANCE PROGRAM (EMAP)

The City of Highland has established the EMERGENCY MORTGAGE ASSISTANCE PROGRAM (EMAP) to assist Highland residents with mortgage delinquencies resulting from the pandemic. This program aims to assist homeowners of limited income, impacted by the pandemic, by reducing delinquent mortgage payments and/or avoiding foreclosure.

For more information and program eligibility pre-screening, contact us at 909-864-6861, ext. 203 or 230.

DEA DRUG TAKE-BACK EVENT

On October 29, 2022, the Highland Police Station and the Drug Enforcement Administration (DEA) gave the public its 23rd opportunity in seven years to prevent pill abuse and theft by ridding their homes of potentially dangerous expired, unused, and unwanted prescription drugs.

The successful event had a total of 30+ residents bring in their medications for disposal to the Highland Police Station. As long as the Drug Enforcement Agency (DEA) continues with this event, look for the next one to be sometime in April.

Back in April of this year, the DEA and its state, local, and tribal law enforcement partners collected 721,093 pounds of unwanted medicines—about 360 tons—across over 5,000 sites spread through all 50 states. This brings the total amount of prescription drugs collected by the DEA since the Fall of 2010 to 15,989,566 or 7,995 tons.

Thank you
for making the event a
grand success

For information on how to properly dispose of medications and other materials that could potentially harm the environment, such as cleaning products, paints, fertilizers/pesticides, automotive products like used motor oil and filters, please contact the City of Highland Public Services Division at 909-864-8732, ext. 271

Public Works

During the period of November 7, 2022 through November 11, 2022, graffiti was made known to Public Works staff by the following means and removed:
Routine observation by Public Works: Base Line & SR-210, Base Line & Walker St., Sterling Ave. & 13th St., Sterling Ave. & Jane St.

HOW TO HAVE A NON-TOXIC HOLIDAY

This holiday season, you may find yourself doing some extra household cleaning to host guests or to tidy up after cooking extravaganzas. We want to help you do so in the least toxic way possible to protect your family and the environment!

Chemical Cleaners are Household Hazardous Waste

Common household cleaning chemicals – such as all-purpose cleaners, bleach, toilet cleaners, stain removers, and more – are examples of household hazardous waste (HHW). HHW is any household material that can be harmful to humans or the environment if not disposed of properly.

Since these wastes and materials may be corrosive, toxic, reactive, or flammable, they pose a risk to sanitation workers, our drinking water, and the environment if thrown in the trash or down the drain. So, if you find yourself using chemical cleaners this holiday season, make sure you dispose of any leftover or unwanted products at our local Household Hazardous Waste Center which you can find here, <https://sbcountystormwater.org/residents/toxic-items/household-hazardous-waste-collection-locations/>

Safely Disposing of Cooking Oil

It may seem harmless, but cooking oil is also household hazardous waste! It may clog your pipes or cause other sewer problems down the line. After your holiday meals, instead of pouring used cooking oil down the drain, recycle it by following these steps:

- Wait for the oil to cool and filter out food particles
- Pour the oil into a container and secure with a lid
- Bring the oil to your local Household Hazardous Waste Center

Eco-Friendly Alternatives

Deciding to opt out of store-bought chemical cleaning products this year? Here are some less toxic alternatives you can use to keep your home and kitchen squeaky clean!

- Lemon juice: cuts grease and grime.
- Baking soda: removes stains and grime.
- White vinegar: cuts grease and grime. (NOTE: Unused vinegar should be discarded at an HHW center.)
- Hydrogen peroxide 3% solution: removes stains and acts as a disinfectant. (NOTE: Unused solution should be discarded at an HHW center.)
- Liquid soap that is free of triclosan and sodium lauryl. Castile soap is a good option. (NOTE: Unused soap should be discarded at an HHW center.)

If you do opt for store bought cleaning supplies, check out <https://www.epa.gov/saferchoice> the certified products list. The Safer Choice Label indicates that each ingredient in the product has been reviewed to meet safety criteria for human health and the environment. (NOTE: Although less toxic, Safer Choice products are still considered HHW and should be discarded at an HHW center.)

Calendar of Events

November 28, 2022

12pm to 5pm — Blood Drive, Highland Police Station, 26985 Bas Line

December 3, 2022

8am to 12pm — Highland Improvement Team Cleanup, Registration at 7:30am, Highland City Hall, 27215 Base Line

FAQs

Residential Food Waste Recycling Program

Am I required to participate?

Yes. This is a California law that requires all residents, multi-family tenants, and commercial businesses to participate in food waste recycling in order to comply with Senate Bill 1383.

Will plastic bags be supplied?

Customers will be required to use their own bags. Bags do not need to be compostable or biodegradable.

What is the benefit of recycling food waste?

Your recycling efforts contribute to the reduction of greenhouse gas emissions in landfilled organic waste. This includes methane, a greenhouse gas 80 times more potent than carbon dioxide.

I already backyard compost, do I have to participate?

We encourage you to continue backyard composting. Organic items not suitable for backyard compost can be recycled through this program.

Can I use my garbage disposal instead?

No need to change your current garbage disposal use. Food currently being discarded in your trash barrel should now be bagged and placed in your green waste barrel.

What items are acceptable?

Fruits, vegetables, meats, seafood, dairy, eggshells, bread, food scraps, food soiled paper, plate scrapings, and expired food.

What items are not acceptable?

Trash, styrofoam, liquids, glass, plastic, metal, diapers, pet waste, electronic waste, and hazardous waste.

HOW TO COLLECT FOOD WASTE AT HOME

1 COLLECT

Begin collecting food waste separate from your other trash and recycling. This includes: fruits, vegetables, meats, seafood, bread, dairy, eggshells, coffee, plate scrapings, peels, rinds, food soiled paper, and expired food.

2 ADD & SECURE

Add food waste to its own separate plastic-lined container. Store it in a convenient place, such as on your countertop, in your refrigerator or under your sink. Secure your plastic bag by tying it off. Remember, bags do not have to be compostable or biodegradable. They can be any color. We encourage you to re-use bags you may already have such as bread bags and produce bags.

3 DISCARD

Place your bagged food waste into your green barrel, along with your green waste. Continue using your green waste barrel as usual. Remember, food waste no longer belongs in your trash barrel.

Food Waste Recycling

YES! **All Food**

- Dairy products

PROTECT YOUR COMMUNITY

KEEP TRASH OUT OF OUR STREETS

Step 1

Gather your used masks, gloves, and wipes

Step 2

Place the used items in a bag

Step 3

Tie or seal the bag and dispose into a trashcan

HAVE YOU PLAYED SPOT'S NEW TRASH MATCH-UP GAME?

Find out how much you know about sorting waste in San Bernardino County.

- Step 1:** Scan QR code or visit spot.sbcountystormwater.org
- Step 2:** Drag a trash item to a bin to start the game
- Step 3:** Make an account to claim your score on the leaderboard.

**available for mobile phones and desktops*

For a list of collection centers near you, visit TooToxicToTrash.com
Must be a San Bernardino County resident to visit centers.

PICK UP AFTER YOUR PET

BAG IT AND TRASH IT! — Steps and Tips —

WHY SHOULD I PICK UP?

-  Dog waste can infect children and adults with disease-causing bacteria and parasites.
-  Your dog can get infected from the waste of other dogs.
-  Dog waste can affect the quality of our rivers and oceans and make the water unsafe for swimming, drinking, or fishing.

Step 1: Keep a supply of bags tied to your dog leash.

Step 2: Bag the poop and tie the bag.

Step 3: Dispose of the tied bag properly by throwing it into a trash can.

How to Safely Dispose Sharps

**EFFECTIVE
JULY 1, 2021**

SAN BERNARDINO COUNTY RESIDENTS can safely dispose of their used SHARPS in a 2 gallon or smaller, heavy-duty, plastic container as an alternative to plastic bio-hazard sharps containers at participating Household Hazardous Waste Collection facilities.

Containers should only contain needles, lancets, and syringes with a needle attached that must be completely spent (no liquid remaining, including EpiPens).

HOW TO CREATE YOUR OWN CONTAINER:

- Place sharps into an Approved Sharps Container or 2 gallon or smaller heavy-duty plastic container
- Do not use food product containers
- Must have a screw-top and puncture resistant lid
- Made of thick plastic
- 2 gallons or less
- Leak-resistant
- Remain upright when standing
- Place printed Bio-Hazard Label on both sides
- When $\frac{3}{4}$ filled, secure lid, and tape the container closed

DO NOT USE FOR SHARPS:

**Print FREE labels by visiting
Greensb.net**

**Preprinted labels are available at
HHW collection facilities**

**For more information and locations, call 1-800-Oily Cat (645-9228)
or visit Greensb.net**

SAN BERNARDINO COUNTY FIRE – Household Hazardous Waste

Cómo desechar las agujas de forma segura

**EFFECTIVO EL
1 DE JULIO 2021**

LOS RESIDENTES DEL CONDADO DE SAN BERNARDINO pueden desechar de manera segura sus agujas usadas en un recipiente de plástico resistente de 2 galones, o más pequeño como alternativa a los recipientes de plástico para objetos punzantes con riesgo biológico en los Centros participantes de Colección para desechos peligrosos del hogar.

Los recipientes solo deben contener agujas, lancetas y jeringas con una aguja adjunta que debe gastarse por completo (Sin residuo líquido incluyendo los EpiPens).

COMO CREAR SU PROPIO CONTENEDOR:

- Coloque las agujas en un recipiente para objetos punzantes aprobado o en un recipiente de plástico resistente de 2 galones o más pequeño
- No utilice envases de productos para alimentos
- Debe tener una tapa de rosca y resistente a los pinchazos
- Hecho de plástico grueso
- 2 galones o menos
- Resistente a fugas
- Permanezca erguido cuando esté de pie
- Coloque la etiqueta impresa de peligro biológico en ambos lados
- Cuando esté lleno 3/4, cierre la tapa y pegue el recipiente con cinta adhesiva para mantener el contenedor cerrado

NO UTILIZAR PARA AGUJAS :

Para imprimir etiquetas
GRATIS visite Greensb.net

Las etiquetas preimpresas están
disponibles en los Centros de Colección
para desechos peligrosos del hogar

Para obtener más información y ubicaciones,
llame al 1-800-Oily Cat (645-9228) o visite Greensb.net

NEWS RELEASE

New Eligibility Guidelines Open SoCalGas Energy Savings Assistance Program to More Customers

Recently enacted California law increases customer access to no-cost energy-saving home improvements which support SoCalGas' efforts to lead the transition to a clean energy system

LOS ANGELES (July 6, 2022) – [Southern California Gas Co.](#) (SoCalGas) announced that as of July 1, 2022, more customers will now be eligible for no-cost energy-saving home improvements through the Energy Savings Assistance Program. The new guidelines expand eligibility criteria for customers whose income is up to 250% of federal poverty guidelines, compared to the previous criteria of up to 200%. A family of four that earns up to \$69,375, will now be eligible for no-cost energy efficiency upgrades. The previous income eligibility guidelines were up to \$55,500 for a family of four.

The ESA program provides attic insulation, furnace repair or replacement, clothes washer, water heater repair or replacement, water heater blankets, door weather stripping, caulking, low-flow showerheads, faucet aerators, minor repairs to doors and windows, and other services to eligible customers.

Customers could save up to 20% annually on their natural gas bill depending on the energy efficiency upgrades performed. More than 1.6 million homes have been enrolled in the program since 2002.

Customers can qualify for the Energy Savings Assistance Program based on having one individual in the home who falls under the income guidelines or participates in a public assistance program like Medi-Cal/Medicaid, CalFresh, the National School Lunch Program, among others. The program is open to renters and homeowners, and income levels are updated annually to adjust for federal poverty guidelines.

“SoCalGas is leading the transition to a more resilient energy future by providing customers with affordable, more sustainable energy. Through the Energy Savings Assistance Program, we can offer long-term, energy-efficient home improvements to customers that will lower their costs and reduce a household’s environmental footprint. The program’s expanded guidelines will allow more SoCalGas customers to save energy and save money and help us collectively reach clean energy goals,” said Brian Prusnek, SoCalGas’ Director of Customer Programs and Assistance.

The Energy Savings Assistance Program's revised income guidelines were the result of Senate Bill 756, authored by San Diego Senator Ben Hueso (D-40). "The ESA program is an important tool for our state in the fight against climate change," said Senator Hueso. "Energy efficiency upgrades reduce energy utility bills, increase a family's quality of life and comfort, support economic development, and move the state closer toward its climate goals. However, the ESA program budgets are routinely not fully expended – often with hundreds of millions of dollars remaining unspent each year. This new law will remedy that by expanding eligibility to include more low-income customers."

"My family and I are very happy and grateful for the weatherization repairs SoCalGas and their contractor ACSGROUP provided to our home," said Veronica Medrano, a SoCalGas customer from Montclair. "We received a new furnace, and they installed a new water heater and we also qualified for a new washing machine. Our home is now more energy efficient. This program has changed our lives."

Another SoCalGas customer assistance program is the California Alternative Rates for Energy (CARE) program, which will continue to provide a 20% discount on the monthly natural gas bill for customers who participate in certain public assistance programs or fall within 200% of federal poverty guidelines. A family of four that earns up to \$55,500 is now eligible for the discount.

To learn about SoCalGas' customer assistance programs, including the CARE program, or to sign up for the Energy Savings Assistance Program, visit socalgas.com/assistance or call (800) 331-7593. Information is available in the following languages: Chinese, Hmong, Korean, Russian, Spanish, and Vietnamese.

###

About SoCalGas

Headquartered in Los Angeles, [SoCalGas®](https://socalgas.com) is the [largest gas distribution utility](https://socalgas.com) in the United States. SoCalGas delivers affordable, reliable, and increasingly renewable gas service to 21.8 million consumers across [24,000 square miles](https://socalgas.com) of Central and Southern California. Gas delivered through the company's pipelines will continue to play a key role in California's clean energy transition—providing electric grid reliability and supporting wind and solar energy deployment.

SoCalGas' mission is to build the [cleanest, safest and most innovative energy company in America](https://socalgas.com). In support of that mission, SoCalGas aspires to achieve [net-zero greenhouse gas emissions](https://socalgas.com) in its operations and delivery of energy by 2045 and to replacing 20 percent of its traditional natural gas supply to core customers with renewable natural gas (RNG) by 2030. Renewable natural gas is made from waste created by dairy farms, landfills, and wastewater treatment plants. SoCalGas is also committed to investing in its gas delivery infrastructure while keeping bills affordable for customers. SoCalGas is a subsidiary of [Sempra](https://sempra.com) (NYSE: SRE), an energy services holding company based in San Diego.

For more information visit socalgas.com/newsroom or connect with SoCalGas on [Twitter](https://twitter.com/SoCalGas) (@SoCalGas), [Instagram](https://www.instagram.com/SoCalGas) (@SoCalGas) and [Facebook](https://www.facebook.com/SoCalGas).
