

WEEKLY NEWSLETTER

City of Highland

Burrtec Waste Industries, Inc. will be closed on Monday, September 4, 2023 in observance of Labor Day. Therefore, trash, organic and recycling collection will be delayed by one day. Your regularly scheduled collection services will resume the following week. Please keep in mind that street sweeping will also be delayed by one day as well.

Should you have any questions regarding the holiday delay with collection services, please contact:

Burrtec at (909) 889-1969 or
City of Highland Public Services Division at (909) 864-6861, extension 271.

Labor Day Holiday Schedule is as follows:

If regular pickup day falls on Monday, September 4
Trash will be picked up on: Tuesday, September 5

If regular pickup day falls on Tuesday, September 5
Trash will be picked up on: Wednesday, September 6

If regular pickup day falls on Wednesday, September 6
Trash will be picked up on: Thursday, September 7

If regular pickup day falls on Thursday, September 7
Trash will be picked up on: Friday, September 8

If regular pickup day falls on Friday, September 8
Trash will be picked up on: Saturday, September 9

Road Closure Notice

The segment of Palm Avenue between 3rd and 5th Street will be closed to traffic beginning July 5th through August 31st to construct concrete pavement in connection with the City's 3rd Street/5th Street Corridor Improvements (Project). This Project will also construct curbs and gutters, sidewalks, storm drain, traffic signal, street lights and pavement improvements along 3rd Street, 5th Street, Palm Avenue and Central Avenue. Improvements also include extending 3rd Street to 5th Street at the Church Avenue intersection. This detour has been coordinated with the cities of Redlands and San Bernardino and County of San Bernardino. Changeable message signs have been posted to alert motorists of the planned closure of Palm Avenue. Additionally, businesses on Palm Avenue/Alabama Street between San Bernardino Avenue and 5th Street have been notified of the road closure. Northbound traffic for Alabama Street from San Bernardino Avenue to 3rd Street will be open for businesses only. Traffic is being detoured east on San Bernardino Avenue at Alabama Street then north on Orange Street and west on Greenspot Road. Southbound traffic on Palm Avenue is being detoured west on 5th Street then south on Victoria Avenue, east on 3rd Street and south onto Alabama Street. See attached road closure map for more information. We thank residents and businesses for their cooperation as we complete much needed roadway improvements on Palm Avenue in the City of Highland.

CITY OF
HIGHLAND
California

COMPOST GIVEAWAY SEPTEMBER 23, 2023

City Hall

Time: 8am - 12(noon)
Location: Highland City Hall
27215 Base Line

How It Works:

- Open to Highland Residents ONLY (proof of residency will be required).
- This is a SELF SERVE program; therefore, participants must provide their own shovels and assistance to load their vehicle.
- Available on a first come first serve basis. • Wait time could be up to 2 hours.
- A tarp is recommended for open bed truck & trailers.
- City staff reserve the right to end the event at any time due to product availability.

The City of Highland Public Services Division, Burrtec Waste Industries Inc. are teaming up to host the last compost giveaway of the year, so residents can tackle the Fall lawn and garden projects.

HIGHLAND IMPROVEMENT TEAM

The Highland Improvement Team (HIT) is recruiting volunteers! Now is your chance to be part of this excellent group of dedicated community volunteers. Our mission is to improve the overall environment of our city for all residents and businesses. Join us as we beautify our community. Get involved today and sign up as Highland's newest volunteer!

Typically, Highland Improvement Team projects are scheduled on the first Saturday of each month. Projects vary from month to month but can include:

- Residential yard cleanups for senior residents
- Residential garage cleanouts for senior residents
- Graffiti abatement
- Litter pick-up
- Park cleanups
- Special events and many more!

CLEANUP LOCATIONS NEEDED...

Do you know of a potential cleanup site or Highland residence that may need our help? Please contact Volunteer Services to sign up or for more information at 909-864-6861 extension 203.

Online Dog License Services Have Arrived!

The City of Highland is proud to offer a new online dog license application portal. Effective August 8, 2023, new Dog License applications and renewals may be submitted and paid for online. Please visit our website at www.cityofhighland.org and click on the dog paw.

If you have any questions please email: doglicense@cityofhighland.org

Public Works

During the period of August 7, 2023, through August 11, 2023, graffiti was made known to Public Works staff by the following means and removed:

Routine observation by Public Works: Palm Ave. & Norwood St., 7750 Palm Ave., Central Ave. & 9th St., Sterling Ave. & Jane St., Pacific Ave. & San Francisco St., Pacific Ave. & Olive St., 7180 Olive St., 9th St. & Elmwood Rd., Mira Vista Ave. & Base Line, 8025 Tippecanoe Ave., 8023 Del Rosa Dr., 5th St. & Shirley Ave.

CLEAN AIR DAY IS OCTOBER 4, 2023

Join the City of Highland and take your PLEDGE Today!!!

California suffers from some of the worst air quality in the country. Collectively we have the power to change the world and can choose to do so in ways that help, not harm, all Californians. Join us in challenging yourself to create clean air in Highland.

The following pledge includes the most common things an individual can do to clear the air. Select one or more you pledge to do on October 4th as well as other things you plan to do that are not listed here, too!

Pledge Actions

Easy Actions:

- Taking public transit
- Attend meetings remotely instead of driving or flying.
- Walk, bike or scoot to the store or transit stop.
- Carpooling/vanpooling
- Bringing lunch to work or walk to lunch.
- Don't idle your engine.
- Compost your food or engage in a composting program.
- Test drive or rent an electric vehicle.

Small Investments:

- Buy produce locally.
- Change or clean your home air filter.
- Plant a tree.
- Change your car cabin air filter.
- Switch to using natural all-purpose cleaner only.
- Choose a greener energy rate.
- Plant a home garden or plant in a community garden.
- Donate to an eco-friendly non-profit organization.

Plan Ahead:

- Install an air quality monitor at your home.
- Switch from an old gas-guzzler car to a hybrid or zero-emission vehicle.
- Install solar panels at your home.
- Replace gas-powered yard tools with electric- or hand-powered tools.
- Replace gas-powered appliances with electric appliances.
- Don't burn wood or switch to a cleaner non-wood burning stove.
- Make all online purchases in one order each week.
- Eat no meat for at least one day.

California Needs You to Step Up!

Commit and come together to take at least one action on or by #CleanAirDayCA. Take the individual pledge to challenge yourself to take the actions we know are essential to clean air, like taking transit, shopping locally, installing an air monitor and much more.

Follow this link: <https://www.cleanairday.org/pledge/individual/Highland2023/>
or Scan this QR Code to take your pledge today!

More information can be found at www.cleanairday.org

4 Tips for Jump-Starting a New Compost Pile

Food scraps and yard waste make up about a quarter of total household trash, according to the Environmental Protection Agency. Composting organic waste is a great way to save landfill space and reduce methane gas emissions while creating a rich fertilizer that will help your garden soil retain moisture.

Spring is a perfect time to start a compost pile in your yard. Although there are different approaches to home composting, these compost tips will help get any outdoor pile off to a good start.

Tip 1: Get the brown/green ratio right

To keep your compost pile healthy and happy, it needs nitrogen, carbon, air and water. Maintain this balance by feeding it equal parts green and brown ingredients. Green materials — such as vegetable and fruit waste, coffee grounds, grass clippings and eggshells — contain nitrogen. Brown materials — including straw, branches and dead leaves — contain carbon.

Tip 2: Stir your compost weekly

When the compost has a lot of fresh materials, it is super important to stir it at least once a week. Aerobic bacteria, which are very important to decomposition, need oxygen to thrive. When oxygen levels drop (when the compost isn't stirred periodically), anaerobic bacteria take over the process, leading to compost that smells and slowed decomposition.

Air is a necessary ingredient to keep the aerobic bacteria healthy by providing oxygen. Therefore, it's vital for keeping the microorganisms healthy and even the bug populations in an ideal range. Although it is normal to have some flies or beetles, you don't want them to get out of hand.

The best way to stir your compost depends on the method you are using. Compost tumblers are popular because they can be stirred by turning a crank. Other designs use three bins, and new materials are added to only one bin. In this case, a pitchfork works well.

Tip 3: Keep critters out

Depending on where you live, raccoons and rodents may be attracted to your compost because of the types of ingredients and the smell. It is helpful to not add meat, oil or cheese products. Stirring your compost at least once a week and getting the green/brown ratio right makes your pile less attractive to neighborhood critters.

Tip 4: Cut up large rinds and peels

It's helpful to have a lot of surface area in your pile for microorganisms. Cut up your materials to make them easier to decompose, speeding up the process and keeping the microbes happy. In general, the smaller the materials, the quicker the pile will be ready. This is especially true for difficult-to-compost ingredients, such as wood. Although this tip is optional, it does speed up the composting process from start to finish and can give you a more consistent finished product.

Attention Highland Residents:

MED-PROJECT

Medication Education & Disposal

Safely Dispose of Sharps

Safely disposing of home-generated used sharps is important. Sharps that are not disposed of safely may cause injury.

What Should You Do With Your Sharps?

Sharps Disposal

Accepted: Sharps such as hypodermic needles, pen needles, intravenous needles, lancets, and other devices that are used to penetrate the skin for the delivery of medications, contained in U.S. Food and Drug Administration-cleared sharps containers. Please separate and remove any items that are not accepted before disposing.

Not Accepted: Controlled substances (such as opioids), unwanted medicine separate from sharps, batteries, illicit or illegal drugs, and biologics (such as insulin).

Disposal of Household Sharps

Sharps Usage

If there are specific instructions on the label, package, or package insert, please follow those instructions.

Safe Disposal Information

Place all sharps in a sharps disposal container immediately after they have been used. This will reduce the risk of needle sticks, cuts, and punctures from sharps. Never place sharps in the trash, recycling, or green waste container. Never flush sharps down the drain or toilet.

**NEVER
WASTE A
CHANCE
TO BE
SAFE WITH
SHARPS**

Mail-Back Services

Mail-Back Services are available in your area. To order a Mail-Back package, visit the Mail-Back section of www.med-project.org. Sharps can be dangerous to people and pets if not disposed of safely. Sharps can cause injuries and/or spread infections that cause serious health conditions. These infections may include: Hepatitis B (HBV), Hepatitis C (HCV), and Human Immunodeficiency Virus (HIV). Safe sharps disposal is important whether you are at home, at work, at school, traveling, or in other public places such as hotels, parks, and restaurants. Pet owners who use needles to give medicine to their pets should follow the same sharps disposal guidelines used for humans.

Sharps Disposal Containers

All sharps disposal containers should be made of heavy-duty plastic; able to close with a tight-fitting, puncture resistant lid without sharps being able to come out; upright and stable during use; leak-resistant; and properly labeled as “sharps waste” or with the biohazard symbol and the word “BIOHAZARD”. Place all sharps in a sharps disposal container immediately after they have been used. This will reduce the risk of needle sticks, cuts, and punctures from sharps. Sharps disposal containers should be kept out of reach of children and pets.

Do Not Reuse Sharps Disposal Containers

Mail-Back Services

Mail-Back Services are available in your area. To order a Mail-Back package, visit the Mail-Back section of www.med-project.org. For more information about the MED-Project program: Visit www.MED-PROJECT.org or call 1 (844) MED-PROJECT (633-7765).

Should you have any questions regarding the MED-PROJECT Sharps free home Mail-Back Services, please contact: ·City of Highland, Public Services

Division at 909-864-8732 ext. 271

BLOOD DRIVE

The City of Highland hosts a blood drive six times per year in January, March, May, July, September and November. Blood supply is typically lower during the summer months and with the supply already low, now your blood donation is needed more than ever. We need you...please consider joining us at our next drive on Monday, September 25th to become Highlands newest donor! All Highland Blood Drives take place at the Highland Police Station (26985 Base Line) from 12:00pm to 5:00pm.

Please see the 2023 Blood Drive dates below. Follow the links to reserve your appointment.

• Monday, September 25, 2023

https://giftoflife.lstream.org/donor/schedules/drive_schedule/105370

For more information or to schedule an appointment by phone, contact Denise Moreno, Volunteer Services Coordinator, at 909-864-6861, extension 203 or email dmoreno@cityofhighland.org.

Burrtec's Bulky Items

For Disposal of Large or Bulky Items Burrtec provides four residential curbside large or bulky item collections (maximum of 5 items per collection) during a 12-month period at no extra charge. Please call at least 24 hours in advance to schedule your bulky item pick up. Large or bulky items include: scrap metal, wood, old appliances, furniture, televisions, computer monitors, refrigerator or freezer, tree branches, mattresses, etc.

If you have any questions, please contact Public Services at 909-864-8732, extension 271.

REPORT ILLEGAL DUMPING

CITY OF
HIGHLAND
California

**IF YOU OBSERVE SOMEONE ILLEGALLY
DUMPING, CALL (909) 387-8313,
DO NOT APPROACH THEM!**

If you are unable to report
it in the moment, you can
now report it online:

www.cityofhighland.org

Click on "Report an Issue"
Follow prompts and please
fill in all required fields
about the issue.

- Location Address or General Location of Issue
- Nature of Alleged Issue
- Please briefly provide more information about the issue
- Your Name
- Your Address
- Your City, State, Zip
- Your Email
- Your Phone Number (For follow up purposes only. Confidentiality will be maintained)

Providing an email or phone number is recommended just in case the city needs additional information. After successfully submitting the request, you will see a request number. Please allow 1-2 business days to process the request.

What can I do to prevent stormwater pollution?

Everyone can help keep the City of Highland clean. Here are a few tips that can help protect our environment:

- Don't put anything in storm drains but rainwater. Storm drains and flood control channels carry surface runoff directly to the rivers and ocean without treatment. Make sure that runoff carries only rainwater.
- Avoid throwing litter into the street. Trash-laden gutters increase neighborhood pollution and clog storm drains causing street flooding and more traffic congestion.
- Pick up after your pet. Animal waste, when left on the ground, washes down storm drains and contaminates beaches. Picking up dog waste is a City ordinance and dog owners disregarding this law may be fined.
- Recycle your motor oil. Auto parts stores will collect and recycle used motor oil. You can also take your hazardous waste here in San Bernardino County to our local Household Hazardous Waste located at:

2824 East "W" Street,
Building 302
San Bernardino, CA 92415
(cross street: Victoria
Avenue)
Hours: Monday – Friday
9 a.m. to 4 p.m.

- Bag, compost or recycle grass, tree limbs, leaves and other yard waste. Soggy yard waste is a major contributor to clogged storm drains and street and neighborhood flooding.
- Use yard waste as mulch, as natural fertilizer, or as ground cover. Nearly 20 percent of the waste buried in landfills is from our yards like grass and tree trimmings.
- Encourage local businesses to start a recycling program if they don't already have one. Today's consumers take their business to companies that have an environmental conscience.
- Use double-sided photocopies. You can cut down on paper costs and reduce waste by making double-sided originals and copies whenever possible.
- Don't use harsh, abrasive or toxic chemicals around the house. Select water-based products over solvent-based products when available (e.g. paint, glue, shoe polish). Also, avoid aerosol sprays, choose a pump spray or other alternatives.

What can I do to prevent stormwater pollution continued...

- Make sure you grasscycle. You can save water, fertilizer and your back by GRASSCYCLING (the natural recycling of grass by leaving clippings on the lawn when mowing. Grass clippings decompose quickly, returning valuable nutrients back to the soil)
- Report illegal dumping. To report illegal dumping anytime, day or night, call Highland Public Works Department at (909)864-6861 ext 217.
- Keep sanitation workers safe. When thrown in with the regular trash, household hazardous waste can injure sanitation workers. In addition, landfills are not intended or permitted for those types of wastes, which could impact groundwater.
- Don't flush, even if in a rush. When flushed down a toilet, sink or drain, household hazardous waste goes through the sewage system to treatment plants not equipped to handle hazardous waste.
- Buy just what you need to do the job. Give leftover materials to a friend, neighbor, business or charity that can use them up.
- Be smart when you apply pesticides or fertilizers. Do not apply pesticides or fertilizers before it rains. Not only will you lose most of the chemicals through runoff, but you will also be harming the environment. Do not over-water after application. Read the label and do not apply more than recommended.
- Purchase re-refined motor oil for your vehicle. Re-refined oil has been recycled and then reprocessed so it is as good as or better than virgin oil. By using re-refined motor oil, you are closing the recycling loop and saving natural resources.
- Don' do time. The illegal dumping of hazardous waste carries a minimum fine of \$10,000 per day per violation up to \$100,000 per day per violation and imprisonment.

**We need your help to
keep our water clean!**

Proper Lawn Watering & Yard Waste Disposal Practices

Never blow grass clippings or lawn waste into the storm sewer system!
Bag it for the licensed waste haulers to transport or compost the waste into mulch.

Water the lawn during the early hours of the morning or late in the evening to maximize water absorption.

Set automatic sprinklers to only water as much as needed.

Avoid over-spray from sprinkler heads onto impervious surfaces like concrete.

Proper Animal Waste Management & Disposal Practices

- Always pick up pet waste
- Carry disposable bags on your walk
- Throw away pet waste
- Encourage others to pick up pet waste

Failure to pick up pet waste allows it to be carried by rainwater directly into our local water bodies

Improper disposal can also allow bacteria to wash into receiving waters

Calendar of Events

September 5, 2023

6pm — Planning Commission Meeting, Donahue Council Chambers

September 9, 2023

8am to 12pm Registration opens at 7:30am, Highland Improvement Team Community Day of Service Cleanup, Highland City Hall, 27215 Base Line
Information: 909-864-6861 ext. 203

FAQs

Residential Food Waste Recycling Program

Am I required to participate?

Yes. This is a California law that requires all residents, multi-family tenants, and commercial businesses to participate in food waste recycling in order to comply with Senate Bill 1383.

Will plastic bags be supplied?

Customers will be required to use their own bags. Bags do not need to be compostable or biodegradable.

What is the benefit of recycling food waste?

Your recycling efforts contribute to the reduction of greenhouse gas emissions in landfilled organic waste. This includes methane, a greenhouse gas 80 times more potent than carbon dioxide.

I already backyard compost, do I have to participate?

We encourage you to continue backyard composting. Organic items not suitable for backyard compost can be recycled through this program.

Can I use my garbage disposal instead?

No need to change your current garbage disposal use. Food currently being discarded in your trash barrel should now be bagged and placed in your green waste barrel.

What items are acceptable?

Fruits, vegetables, meats, seafood, dairy, eggshells, bread, food scraps, food soiled paper, plate scrapings, and expired food.

What items are not acceptable?

Trash, styrofoam, liquids, glass, plastic, metal, diapers, pet waste, electronic waste, and hazardous waste.

HOW TO COLLECT FOOD WASTE AT HOME

1 COLLECT

Begin collecting food waste separate from your other trash and recycling. This includes: fruits, vegetables, meats, seafood, bread, dairy, eggshells, coffee, plate scrapings, peels, rinds, food soiled paper, and expired food.

2 ADD & SECURE

Add food waste to its own separate plastic-lined container. Store it in a convenient place, such as on your countertop, in your refrigerator or under your sink. Secure your plastic bag by tying it off. Remember, bags do not have to be compostable or biodegradable. They can be any color. We encourage you to re-use bags you may already have such as bread bags and produce bags.

3 DISCARD

Place your bagged food waste into your green barrel, along with your green waste. Continue using your green waste barrel as usual. Remember, food waste no longer belongs in your trash barrel.

PROTECT YOUR COMMUNITY

KEEP TRASH OUT OF OUR STREETS

Step 1

Gather your used masks, gloves, and wipes

Step 2

Place the used items in a bag

Step 3

Tie or seal the bag and dispose into a trashcan

HAVE YOU PLAYED SPOT'S NEW TRASH MATCH-UP GAME?

Find out how much you know about sorting waste in San Bernardino County.

Step 1: Scan QR code or visit spot.sbcountystormwater.org

Step 2: Drag a trash item to a bin to start the game

Step 3: Make an account to claim your score on the leaderboard.

**available for mobile phones and desktops*

For a list of collection centers near you, visit TooToxicToTrash.com
Must be a San Bernardino County resident to visit centers.

PICK UP AFTER YOUR PET

WHY SHOULD I PICK UP?

-  Dog waste can infect children and adults with disease-causing bacteria and parasites.
-  Your dog can get infected from the waste of other dogs.
-  Dog waste can affect the quality of our rivers and oceans and make the water unsafe for swimming, drinking, or fishing.

BAG IT AND TRASH IT! — Steps and Tips —

- Step 1:** Keep a supply of bags tied to your dog leash.
- Step 2:** Bag the poop and tie the bag.
- Step 3:** Dispose of the tied bag properly by throwing it into a trash can.
