Public Works

During the period of December 4, 2023, through December 7, 2023, graffiti was made known to Public Works staff by the following means and removed: Routine observation by Public Works: Victoria Ave. & Rosemary Dr., 7272 Sterling Ave., 25979 Base Line.

Fats, Cooking Oil, And Grease (FOG) Be a good neighbor and help prevent sewage backups!

- Never pour fats, oil, or grease down drains, even if you have a garbage disposal! It could cause sewer backups into houses or onto streets, harming wildlife and be expensive to clean up.
- Pour cooking oil and grease into a seal-able container with an absorbent such as paper garbage and discard with your other garbage.
- Recycle large amounts of grease or cooking oil (including from deep fryers), in a tightly sealed container.
- For more information about disposing used cooking oil or grease visit the <https://sbcountystormwater.org/residents/toxic-items/cooking-oil-recycling/>
- Use food strainers in kitchen sinks to catch food particles and scrape leftover food waste into the garbage or compost container instead of the garbage disposal.

Bulky Items

For Disposal of Large or Bulky Items Burrtec provides four residential curbside large or bulky item collections (maximum of 5 items per collection) during a 12-month period at no extra charge. Please call at least 24 hours in advance to schedule your bulky item pick up. Large or bulky items include: scrap metal, wood, old appliances, furniture, televisions, computer monitors, refrigerator or freezer, tree branches, mattresses, etc

HIGHLAND IMPROVEMENT TEAM

Have you heard about the Highland Improvement Team a.k.a. H.I.T.? H.I.T. may be able to help you with some much-needed work around the house. We can help with home projects such as yard clean-ups, minor landscaping, and garage cleaning. To qualify for a H.I.T. clean-up project, you must be a Highland resident who is at least 55 years old or disabled – any age. You must also own and reside in the home.

H.I.T. projects are scheduled on Saturday's, once per month and typically occur from 8:00 a.m. to 12 noon. Each project must require enough work to fill the allotted four-hour period. We urge qualifying Highland homeowners who need help with yard cleanup and minor landscaping to contact Volunteer Services as soon as possible. We screen all requests, and schedule projects on a first come, first served basis. A fabulous team of volunteers complete all the work and repair at H.I.T. projects. Best of all, there are no income eligibility requirements and absolutely no charge to the homeowner.

In addition, we are always looking for new H.I.T. volunteers. This is a fantastic way to give back to your community and we would be thrilled to have you join our team!

If you would like more information, have questions, or would like to join the Highland Improvement Team, please contact Denise Moreno, Volunteer Services Coordinator, at (909) 864-6861 ext. 203.

Mark your calendars because Highland's 2024 Blood Drive dates and appointments are now available!!! Please consider giving back to the community by donating the gift of blood. This is especially needed right now as blood supply is still at an all-time low.

Please see the 2024 Blood Drive dates below. Follow the links to reserve your appointments for the entire year!

- Nature of Alleged Issue
- Please briefly provide more information about the issue
- Your Name
- Your Address
- Your City, State, Zip
- Your Email
- Your Phone Number (For follow up purposes only. Confidentiality will be maintained)

Providing an email or phone number is recommended just in case the city needs additional information. After successfully submitting the request, you will see a request number. Please allow 1-2 business days to process the request.

Proper Lawn Watering & Yard Waste Disposal Practices

Never blow grass clippings or lawn waste into the storm sewer system!
Bag it for the licensed waste haulers to transport or compost the waste into mulch.

Water the lawn during the early hours of the morning or late in the evening to maximize water absorption.

Set automatic sprinklers to only water as much as needed.

Avoid over-spray from sprinkler heads onto impervious surfaces like concrete.

Proper Animal Waste Management & Disposal Practices

- Always pick up pet waste
- Carry disposable bags on your walk
- Throw away pet waste
- Encourage others to pick up pet waste

Failure to pick up pet waste allows it to be carried by rainwater directly into our local water bodies

Improper disposal can also allow bacteria to wash into receiving waters

HOW TO COLLECT FOOD WASTE AT HOME

1 COLLECT

Begin collecting food waste separate from your other trash and recycling. This includes: fruits, vegetables, meats, seafood, bread, dairy, eggshells, coffee, plate scrapings, peels, rinds, food soiled paper, and expired food.

2 ADD & SECURE

Add food waste to its own separate plastic-lined container. Store it in a convenient place, such as on your countertop, in your refrigerator or under your sink. Secure your plastic bag by tying it off. Remember, bags do not have to be compostable or biodegradable. They can be any color. We encourage you to re-use bags you may already have such as bread bags and produce bags.

3 DISCARD

Place your bagged food waste into your green barrel, along with your green waste. Continue using your green waste barrel as usual. Remember, food waste no longer belongs in your trash barrel.

PROTECT YOUR COMMUNITY

KEEP TRASH OUT OF OUR STREETS

Step 1

Gather your used masks, gloves, and wipes

Step 2

Place the used items in a bag

Step 3

Tie or seal the bag and dispose into a trashcan

HAVE YOU PLAYED SPOT'S NEW TRASH MATCH-UP GAME?

Find out how much you know about sorting waste in San Bernardino County.

- Step 1:** Scan QR code or visit spot.sbcountystormwater.org
- Step 2:** Drag a trash item to a bin to start the game
- Step 3:** Make an account to claim your score on the leaderboard.

**available for mobile phones and desktops*

For a list of collection centers near you, visit TooToxicToTrash.com
Must be a San Bernardino County resident to visit centers.

PICK UP AFTER YOUR PET

BAG IT AND TRASH IT! — Steps and Tips —

WHY SHOULD I PICK UP?

-  Dog waste can infect children and adults with disease-causing bacteria and parasites.
-  Your dog can get infected from the waste of other dogs.
-  Dog waste can affect the quality of our rivers and oceans and make the water unsafe for swimming, drinking, or fishing.

- Step 1:** Keep a supply of bags tied to your dog leash.
- Step 2:** Bag the poop and tie the bag.
- Step 3:** Dispose of the tied bag properly by throwing it into a trash can.
