

CITY HALL EXTERIOR PAINT

A good paint job is in the prep work for City Hall!

A small contract has been awarded to Rainbow Painting of Riverside for exterior painting at City Hall. This project will include two coats of paint on all exterior stucco, wood trellises and trims, and metal railings. The city anticipates a start date for this work around the middle of July pending final coordination. This work will be coordinated to ensure that city business will not be impacted by coordinating work during after-hours and weekends as needed.

PUBLIC SERVICES & DOG LICENSING

SUMMER POOL SEASON IS HERE!

It's that time of year again when swimming pools and hot tubs are in high demand, but they must be maintained properly to ensure that harsh pool chemicals aren't allowed to enter the storm drain!

If yours is not treated through the sanitation system, follow these simple tips for proper disposal of hot tub and pool water:

- **De-chlorinate** - Chlorine naturally dissipates over time and should be completely gone if the water is left standing for 3-5 days. Use a pool testing kit prior to discharge to ensure the concentration of chlorine is zero.
- **Check pH** - determine the pH of the pool water before discharge on your own or ask your pool maintenance company to check it for you. It should be between 6.5 and 8.5.
- **Free and clear** - Make certain the water is free of any discoloration, dirt or algae.
- **Use your grass** - When discharging to a grassy area, the flow should be controlled so it doesn't cause any erosion problems or enter a neighbor's property.

For questions regarding pool/ spa draining or how you can help keep pollutants from entering our storm drain system, please contact the Public Services Division at (909)864-6861, ext. 271.

REDUCE ILLEGAL DUMPING

A growing problem with illegal dumping, unfortunately, is instead of properly disposing of the items, some junk removal "companies" will illegally dump. They are able to offer a lower price than a reputable company because they avoid paying dump fees and have no intention of following the law. An important reminder is that if a junk removal company illegally dumps YOUR items, those are still YOUR items. YOU can be held liable for the cleanup.

To avoid any of these problems you can choose a company that will do the right thing:

- The company must have a valid City of Highland business license to operate in the city.
- Ensure the company gives you a copy of the weight receipts from the transfer station or landfill for the disposal of your items.

The city encourages anyone who encounters an illegal dump that has already taken place to report it to Public Works at (909) 864-6861, ext. 217.

If you observe someone illegally dumping, call (909) 387-8313
DO NOT APPROACH THEM!

If you are unable to report it in the moment, please take down the following information, and report it as soon as possible:

- Date, time and location of the incident
- Description of vehicle and license plate number
- Description of person(s) dumping
- What items/materials were being dumped
- Your name and phone number (optional)
